The Series G Bonds and the Series H Bonds are sometimes referred to herein as the "Remarketed Bonds" and the Series F Bonds are sometimes referred to herein as "New Issue Bonds." The Series Bonds are being issued pursuant to the Act, a resolution of the Agency adopted on June 3, 1982, as amended (the "Bond Resolution"), and series resolutions of the Agency with respect to the Remarketed Bonds adopted June 26, 1997, and supplemented on November 19, 1998 and June 8, 2000, and with respect to the Series Bonds adopted on June 8, 2000 (the "Series Resolutions"); the Bond Resolution and the Series Resolutions are herein sometimes called the "Resolutions." The Single Family Mortgage Bonds now outstanding (in the aggregate principal amount of \$1,644,300,000 as of April 30, 2000) under the Bond Resolution (the "Outstanding Bonds") and any additional Single Family Mortgage Bonds hereafter issued pursuant to the Bond Resolution, including the Series Bonds, will be equally and ratably secured and are herein sometimes called the "Bonds."

The Resolutions should be referred to for the definitions of capitalized terms used herein, some of which are reproduced in this Official Statement. The summaries and references herein to the Act, the Resolutions and other documents are only outlines of certain provisions and do not purport to summarize or describe all the provisions thereof. All references herein to the Act, the Bond Resolution and the Series Resolutions are qualified in their entirety by reference to the Act and the Resolutions, copies of which are available from the Agency, and all references to the Series Bonds are qualified in their entirety by reference to the definitive forms thereof and the information with respect thereto contained in the Resolutions.

INTRODUCTION

The Agency is a public body corporate and politic, constituting an agency of the State of Minnesota.

The Act authorizes the Agency to issue bonds for the purpose, among other purposes, of purchasing, making or otherwise participating in the making of long-term mortgage loans to persons and families of low and moderate income for the purchase of residential housing upon the determination by the Agency that such loans are not otherwise available from private lenders upon equivalent terms and conditions.

The Series Bonds are being issued or remarketed to provide money for the Agency to be used along with certain contributed funds of the Agency, to continue its Program by purchasing Mortgage Loans made by Mortgage Lenders to low and moderate income persons for single family, owner-occupied housing within the State, by depositing amounts into the Debt Service Reserve Fund and Insurance Reserve Fund and by paying certain costs of issuance of the Series Bonds. See "Estimated Sources and Uses of Funds — Series Bonds." Although the State has appropriated amounts to the Agency for various specific purposes (see "The Agency — State Appropriations"), the Agency generally pays its general and administrative expenses from certain interest earnings and fees charged in connection with its bond-funded programs. For programs funded through appropriations, the Agency recovers the costs of administering the programs only to the extent of interest earnings on the appropriations.

Since its creation in 1971, the Agency has issued bonds to purchase single family mortgage loans, to purchase home improvement and home energy loans and to finance multifamily developments. In addition to those programs, which are financed through the issuance of debt, the Agency finances grants and loans through State and federal appropriations and

loans through its Endowment Funds and Alternative Loan Fund in the Residential Housing Finance Program Fund. Please refer to the “Restricted Fund Balances” footnote included in the notes to the financial statements included in Appendix A.

The Series Bonds are secured, on a parity with Bonds heretofore and hereafter issued under the Bond Resolution, by a pledge of all Mortgage Loans and Revenues held and received by the Agency pursuant to the Bond Resolution including the Mortgage Loans funded by the Agency from the Acquisition Fund and Revenues received by the Agency in connection therewith. See “Security for the Bonds.”

The Series Bonds are general obligations of the Agency payable from any of its moneys, assets or revenues, subject to the provisions of other resolutions and indentures now or hereafter pledging particular moneys, assets or revenues to particular notes or Bonds, or State laws appropriating funds to the Agency for a specified purpose. The fund balance of the General Reserve Account is legally available if needed to pay debt service on any obligations of the Agency, including the Series Bonds.

The Agency has no taxing power. Neither the State of Minnesota nor any political subdivision thereof is or shall be obligated to pay the principal or redemption price of or interest on or purchase price with respect to the Series Bonds and neither the faith and credit nor the taxing power of the State or any political subdivision thereof is pledged to such payment.

THE AGENCY

Purpose

The Agency was created in 1971 by the Act as a public body corporate and politic, constituting an agency of the State of Minnesota, in response to legislative findings that there existed in Minnesota a serious shortage of decent, safe, and sanitary housing at prices or rentals within the means of persons and families of low and moderate income, and that the then present patterns of providing housing in the State limited the ability of the private building industry and the investment industry to produce such housing without assistance and resulted in a failure to provide sufficient long-term mortgage financing for such housing.

Structure

Under the Act, the membership of the Agency consists of the Commissioner of Trade and Economic Development, the State Auditor and five public members appointed by the Governor with the advice and consent of the Senate for terms of four years. Pursuant to the Act, each member continues to serve until a successor has been appointed. The Chairman of the Agency is designated by the Governor from among the appointed public members. Pursuant to the Act, the Vice Chairman of the Agency is the Commissioner of Trade and Economic Development.

The present members of the Agency who serve without compensation (except for per diem allowance and expenses for members not otherwise compensated as public officers), are:

Michael Finch, Chairman — Term expires January 2002, Minneapolis, Minnesota - Research Program Director

Gerald Carlson, Vice Chair — *Ex-officio*, St. Paul, Minnesota - Commissioner of Trade and Economic Development

Disclosure Information

The Agency will covenant for the benefit of the Beneficial Owners of the Series Bonds to provide annually certain financial information and operating data relating to the Agency (the "Agency Annual Report") and to provide notices of the occurrence of certain enumerated events, if material. The Agency Annual Report is to be filed by the Agency no later than nine months after the close of each fiscal year with each Nationally Recognized Municipal Securities Information Repository (a "Repository"). The notices of material events, if any, are to be filed with each of the Repositories or with the Municipal Securities Rulemaking Board.

The specific nature of the information to be contained in the Annual Report or the notices of material events is summarized below under the caption "Appendix B - SUMMARY OF CONTINUING DISCLOSURE AGREEMENT." These covenants have been made in order to assist the Underwriters in complying with SEC Rule 15c2-12(b)(5).

In addition to the Agency Annual Report required by the Continuing Disclosure Agreement, the Agency also prepares a quarterly disclosure report for its single family bond resolutions and a semi-annual disclosure report for each of its multifamily bond resolutions. The reports are available upon request from the Agency or from one of the Repositories. The Single Family Mortgage Bond Resolution Disclosure Reports are filed quarterly. The most recent report is dated as of March 31, 2000. The Agency is also committed to providing appropriate credit information as requested by the rating agencies rating the securities.

Board Resolution Restricted Fund Balances and Operations to Date — General Reserve Account

In accordance with provisions of the respective bond resolutions, the Agency may transfer money from Program Funds to the General Reserve Account of the Housing Development Fund. The Agency has pledged to deposit in the General Reserve Account any such funds transferred from the Program Funds, except for any amounts as may be necessary to reimburse the State for money appropriated to restore a deficiency in any debt service reserve fund.

The Agency further covenants that it shall use the money in the General Reserve Account only for the administration and financing of programs in accordance with the policy and purpose of the Act, including reserves for the payment of bonds and of loans made from the proceeds thereof, and shall accumulate and maintain therein such a balance of funds and investments as will be sufficient for the purpose. To ensure that funds available in and available to be transferred to the General Reserve are preserved to provide financial security for the Agency's bondholders as covenanted in the bond resolutions, the Agency has established investment guidelines for its Board Restricted Fund Balances. The Agency determines compliance with its investment guidelines for the Board Restricted Fund Balances annually as of the last day of the Agency's fiscal year. Please refer to the "Board Restricted Fund Balances" footnote included in the notes to the financial statements included in Appendix A.

Under these guidelines, the Agency's General Reserve Account Board Restricted Fund Balance is to be maintained at a level equal to the Agency's Housing Endowment Fund requirement of two percent (2%) of loans receivable.

The Agency also established an Alternative Loan Fund within the Residential Housing Finance Bond Resolution. Within this fund, the Agency invests in a combination of cash, cash equivalents, investment securities, and loans according to the investment guidelines established by the Agency for the Housing Investment and Housing Affordability Funds. The Alternative Loan Fund is not pledged to the payment of the Residential Housing Finance Bonds, the Single Family Mortgage Bonds or any other specific debt obligations of the Agency and is generally available to pay any debt obligations of the Agency. Loan activity related to loans financed by the Housing Investment and Housing Affordability Funds are recorded as part of the Alternative Loan Fund in the Residential Housing Finance Bond Resolution. All interfund transfers are approved by the Agency.

The following summary indicates the revenues earned, funds transferred to and from the General Reserve Account and the expenses paid from such account for the periods indicated (in thousands):

Agency Contribution and Other Available Funds	<u>5,683,910</u>
Total Sources of Funds	<u>\$77,398,910</u>

Upon the original issuance of the Remarketed Bonds, proceeds of the 1997 Series G and 1997 Series H Bonds were deposited in the Acquisition Fund and the Debt Service Reserve Fund. Proceeds received from the remarketing of the Remarketed Bonds are to be used to purchase upon mandatory tender an equivalent principal amount of Outstanding 1997 Series G and 1997 Series H Bonds and, subsequent to such purchase, an amount of proceeds of such Bonds received upon original issuance would become available to fund the Program and would be allocated on the books of the Agency, with proceeds of the 2000 Series F Bonds, as set forth above.

DESCRIPTION OF THE SERIES BONDS

General

The Series Bonds are issuable only as fully registered bonds and will initially be registered in the name of Cede & Co., as nominee for The Depository Trust Company, New York, New York ("DTC"), who will act as securities depository for each series of the Series Bonds. Norwest Bank Minnesota, National Association, Minneapolis, Minnesota (to be known as Wells Fargo Bank Minnesota, National Association, effective in July 2000), is to serve as Trustee. Interest on the Series Bonds is payable by moneys wired by the Trustee to DTC, or its nominee, as registered owner of such Bonds, which interest is to be redistributed by DTC. Principal of the Series Bonds is payable at maturity or earlier redemption upon surrender at the principal corporate trust office of the Trustee. See "Appendix E—BOOK-ENTRY-ONLY SYSTEM."

The Series Bonds are remarketed or issuable in the denominations of \$5,000 or any integral multiple thereof. For every exchange or transfer of Series Bonds, whether temporary or definitive, the Agency or the Trustee may make a charge sufficient to reimburse it for any tax, fee or other governmental charge required to be paid with respect to such exchange or transfer.

The Remarketed Bonds mature on the dates and in the amounts set forth on the inside front cover hereof. The Remarketed Bonds bear interest from the date of remarketing, payable semiannually thereafter on January 1 and July 1 of each year, commencing January 1, 2001, at the rates set forth on the inside front cover hereof until payment of the principal or redemption price on such Bonds. Interest on the Remarketed Bonds shall be calculated on the basis of a year of 360 days composed of twelve 30-day months.

The New Issue Bonds will be dated, as originally issued, as of their date of original delivery and will mature on the date indicated on the inside front cover hereof. The New Issue Bonds will bear interest at a floating interest rate adjusted monthly determined as described below under "Variable Interest Rate for New Issue Bonds." Interest on the New Issue Bonds will be payable on the first day of each month, commencing August 1, 2000, and at maturity or upon earlier redemption.

Variable Interest Rate for New Issue Bonds

The New Issue Bonds will accrue interest at a floating rate (the "Variable Interest Rate"), recalculated for each calendar month (a "Variable Interest Accrual Period"). The Variable Interest Rate for any Variable Interest Accrual Period (other than the initial Variable Interest Accrual Period) means the sum of: (i) LIBOR (determined as described below) plus (ii) thirty hundredths of one percent (0.30%) per annum; provided that the Variable Interest Rate for any Variable Interest Accrual Period may not be more than eleven percent (11.00%) per annum. The initial Variable Interest Accrual Period will commence on the date of delivery of the New Issue Bonds and end on, and include, July 31, 2000. The Variable Interest Rate for the initial Variable Interest Accrual Period will be six and ninety-three hundredths percent (6.93%) per annum. Calculations of interest on the New Issue Bonds will be based on a 360-day year for the actual number of days elapsed.

WHILE THE NEW ISSUE BONDS WILL ACCRUE INTEREST AT A RATE ADJUSTED MONTHLY, OWNERS OF THE NEW ISSUE BONDS WILL NOT HAVE ANY RIGHT TO TENDER THE NEW ISSUE BONDS AND NEITHER THE AGENCY, THE UNDERWRITERS, THE TRUSTEE NOR ANY OTHER PERSON WILL BE OBLIGATED TO PURCHASE THE NEW ISSUE BONDS AT ANY TIME.

"LIBOR," with respect to the New Issue Bonds, means the per annum rate for deposits in United States dollars for one month appearing on the Bloomberg British Bankers' Association Official BBA LIBOR Fixings Page (as defined below, the "Official BBA LIBOR Fixings Page") as of 11:00 a.m. London, England time, on the second Business Day preceding the first calendar day of each Variable Interest Accrual Period (in each case a "LIBOR Determination Date"), increased, if not expressed as a multiple of one-hundredth of one percent (0.01%), to the next highest one-hundredth of one percent (0.01%). "Official BBA LIBOR Fixings Page" means the display designated as page 1 of the "Official BBA LIBOR Fixings" on the Bloomberg Financial Markets Commodities News Service (or such other page as may replace the Official BBA LIBOR Fixings Page on that service, or a comparable service as determined by the Trustee with the approval of the Agency, for the purpose of displaying London interbank offered rates of major banks).

If LIBOR does not appear on the Official BBA LIBOR Fixings Page on a LIBOR Determination Date, the Trustee will request the principal London office of each of two major banks (other than the Trustee or a Trustee-owned or Trustee-affiliated

bank) that are engaged in transactions in the London interbank market, as selected by the Trustee with the approval of the Agency, to provide the Trustee with its offered quotation for United States dollar deposits for one month to prime banks in the London interbank market as of 11:00 a.m., London, England time, on such date. If at least two such major banks provide the Trustee such offered quotations, LIBOR on such date will be the arithmetic mean of such quotations, increased, if not expressed as a multiple of one-hundredth of one percent (0.01%), to the next highest one-hundredth of one percent (0.01%). If on such date less than two of the major banks provide the Trustee with such an offered quotation, LIBOR on such date will be the arithmetic mean of the offered rates that two leading banks in the City of New York, New York (other than the Trustee or a Trustee-owned or Trustee-affiliated bank), as selected by the Trustee with the approval of the Agency, are quoting as of 11:00 a.m., New York City time, on such date to leading European banks for United States dollar deposits for one month, increased, if not expressed as a multiple of one-hundredths of one percent (0.01%), to the next highest one-hundredth of one percent (0.01%); provided, however, that if two such New York banks are not quoting as described above, LIBOR for the next ensuing Variable Interest Accrual Period will be LIBOR as in effect for the immediately preceding Variable Interest Accrual Period.

Special Redemption

Non-Origination. The Series Bonds of each series are subject to special redemption, at the option of the Agency, prior to maturity, at any time, in whole or in part, at a redemption price equal to par plus accrued interest, without premium, from moneys representing proceeds of such Series Bonds not used to purchase Mortgage Loans and transferred to the Redemption Fund from the Acquisition Fund and any allocable amounts held in the Debt Service Reserve Fund and Insurance Reserve Fund transferred to the Redemption Fund. In the event that any Series Bonds of a series are to be redeemed as a result of non-origination, such Bonds shall be selected by lot from such maturities of the Series Bonds of the series as shall be determined by the Agency.

Excess Revenues. Any moneys on deposit in the Revenue Fund attributable to Excess Revenues may, in the Agency's discretion and subject to the requirements of the Resolutions, be applied to the redemption, at any time, at a redemption price equal to par plus accrued interest, without premium, of Outstanding Bonds under the Bond Resolution (including the Series Bonds) from such series, maturities and Sinking Fund Installments as the Agency may select at its option.

As used herein, "Excess Revenues" shall mean the Revenues, including prepayments (except as described below), on deposit in the Revenue Fund received in excess of (i) the maturing principal and Sinking Fund Installments and any required mandatory redemptions, together with interest from time to time and payable, on Bonds Outstanding under the Bond Resolution, (ii) amounts needed to maintain the Debt Service Reserve Fund and the Insurance Reserve Fund at their respective Requirements, and (iii) amounts required by the Agency to pay fees and other costs in connection with the Bonds associated with maintaining the Program.

Optional Redemption

The Remarketed Bonds of each series with stated maturities after July 1, 2010 are also subject to redemption at the option of the Agency as a whole or in part on any date on or after July 1, 2010 from any amounts available to the Agency for that purpose, and at the following redemption prices (expressed as percentage of the principal amount so redeemed) for the respective redemption dates during the applicable period set forth below, plus interest accrued to the date of redemption:

<u>Redemption Date</u>	<u>Redemption Price</u>
July 1, 2010 to and including June 30, 2011	101.50%
July 1, 2011 to and including June 30, 2012	100.75
July 1, 2012 and thereafter	100.00

*Maturity.

The New Issue Bonds are also subject to redemption at the option of the Agency as a whole or in part at any time from any amounts available to the Agency for that purpose, at a redemption price equal to the principal amount thereof to be redeemed plus interest accrued to the date of redemption, without premium.

General Provisions

Except as otherwise provided in the Series Resolutions, any Remarketed Bonds to be purchased or redeemed or any New Issue Bonds to be redeemed shall be purchased or redeemed only upon receipt by the Trustee of a certificate signed by an officer authorized by the Agency and stating the following: (a) the Series of Bonds to be purchased or redeemed; (b) the maturities within such Series from which Bonds are to be purchased or redeemed; and (c) the principal amount and maximum price of Bonds within such maturities to be purchased or redeemed. If less than all Bonds of a series and maturity are to be redeemed, the Bonds of that series and maturity to be redeemed shall be selected by lot, unless a different order of priority is specified by the Series Resolutions. The Agency shall not at any time cause Series Bonds to be purchased or redeemed if this would have any material adverse effect on its ability to pay when due the principal of and interest on the Bonds Outstanding after such purchase or redemption.

The Trustee is required to mail a copy of the notice, by registered or certified mail, to the registered owner of any Series Bond called for redemption at least 30 days prior to the redemption date; said registered owner to be determined from the registry books as of the last business day of the month preceding the month in which such notice is mailed.

SECURITY FOR THE BONDS

The Bonds, including the Series Bonds, are secured as provided in the Bond Resolution by a pledge and grant of a security interest in (a) all proceeds of the sale of the Bonds (other than proceeds deposited in trust for the retirement of outstanding bonds and notes), (b) all Mortgage Loans and Investments made or purchased from such proceeds, (c) all Revenues as defined in the Bond Resolution, and (d) all money, investments, and other assets and income held in and receivables of Funds established by or pursuant to the Bond Resolution. The Bonds, including the Series Bonds, are general obligations of the Agency, payable out of any other moneys, assets or revenues, subject only to the provisions of other resolutions or indentures now or hereafter pledging and appropriating particular moneys, assets or revenues to particular notes or bonds, or State or federal laws or restrictions that particular funds be applied for a specified purpose. The pledge and security interests granted by the Bond Resolution shall be for the equal benefit, protection and security of Holders of all outstanding Bonds.

The Agency has no taxing power. The State of Minnesota is not liable for the payment of the Bonds, and the Bonds are not a debt of the State.

Projected Revenue Certificate

The Bond Resolution requires that the Agency file a Projected Revenue Certificate with the Trustee as of July 1 in each year and within 30 days thereafter and prior to the issuance of any series of Bonds, and permits a revised Certificate to be filed at any time directed by the Agency. The Projected Revenue Certificate must show Revenues (including principal, interest and prepayments on Mortgage Loans, and estimated investment income on all moneys held in the Program) anticipated to be derived from the Program in the current and each future Fiscal Year, sufficient to make required fund transfers and debt service payments on the Bonds in each such year, all to be based on the estimates and assumptions, and subject to the terms and conditions, more fully set forth in the definition "Projected Revenue Certificate" herein. If any Projected Revenue Certificate fails to show an excess of Revenues over required fund transfers and debt service in the current or any future Fiscal Year, the Agency is required to deposit on that date from any amounts properly available in its General Reserve Account or other funds not pledged under the Bond Resolution, an amount which when deposited and utilized as set forth in a revised Projected Revenue Certificate will be at least equal to such required fund transfers and debt service. As set forth more fully in "Appendix C — Summary of Certain Provisions of the Bond Resolution — Revenue Fund," the Agency may withdraw from the Program at the end of each Fiscal Year an amount which is not required to produce Revenues equal to debt service and required Fund transfers in the current and all future Fiscal Years as set forth in the Projected Revenue Certificate, provided that, subsequent to such transfer, total assets, exclusive of moneys in the Insurance Reserve Fund, exceeds total liabilities by at least 3 percent.

Revenues

The Agency has established a maturity schedule for the Series Bonds by taking into consideration, among other things, the expected scheduled payments of Mortgage Loans. Such schedule was determined assuming no prepayments of the Mortgage Loans.

When Revenues are greater than the amount necessary to pay maturing principal of and interest on the Bonds, the excess may, to the extent permitted by applicable federal tax law, be used to make or purchase additional Qualified Mortgage Loans or to redeem Bonds, including the Series Bonds. See “Description of the Series Bonds — Special Redemption.” If Revenues are less than the amount necessary to pay maturing principal of the Bonds, then either the Agency will provide the amount necessary for such payment from (a) the General Reserve Account of the Agency, (b) the Acquisition Fund, (c) the Redemption Fund (but not from amounts required to pay Bonds previously called for redemption), (d) the Insurance Reserve Fund, or (e) the proceeds of refunding Bonds, or the Trustee will withdraw the necessary amount from the Debt Service Reserve Fund.

Debt Service Reserve Fund

The Bond Resolution creates and establishes a Debt Service Reserve Fund and provides that the Debt Service Reserve Requirement as of any date shall not be less than 3 percent of the principal amount of the Outstanding Bonds. The Debt Service Reserve Fund balance will not be less than 3 percent of the principal amount of Outstanding Bonds upon issuance of the Series Bonds.

The balance in the Debt Service Reserve Fund on April 30, 2000 was \$53,764,541, which was at least equal to the Debt Service Reserve Fund Requirement.

The Act provides that the Agency may create and establish one or more debt service reserve funds for the security of its bonds. The moneys held in or credited to a debt service reserve fund shall be used solely for the payment of principal of bonds of the Agency as the same mature, the purchase of such bonds, the payment of interest thereon or the payment of any premium required when such bonds are redeemed before maturity, provided that the moneys in such fund shall not be withdrawn therefrom at any time in such amount as would reduce the amount reasonably necessary for the purposes of the fund, except for the purpose of paying principal and interest due on the bonds secured by the fund for the payment of which other moneys of the Agency are not available. The Agency shall not issue any additional bonds or notes which are secured by a debt service reserve fund if the amount in that debt service reserve fund or any other debt service reserve fund at the time of such issuance does not equal or exceed the minimum amount required by the resolution creating such fund unless the Agency shall deposit in each such fund at the time of such issuance from the proceeds of the bonds or otherwise an amount which, together with the amount then in the fund, will be no less than the minimum amount so required. The Act further provides that:

In order to assure the payment of principal and interest on bonds and notes of the agency and the continued maintenance of all debt service reserve funds created and established therefor, the agency shall annually determine and certify to the governor, on or before December 1, (a) the amount, if any, then needed to restore each debt service reserve fund to the minimum amount required by the resolution or indenture establishing the fund, not exceeding the maximum amount of principal and interest to become due and payable in any subsequent year on all bonds or notes which are then outstanding and secured by such fund; and (b) the amount, if any, determined by the agency to be needed in the then immediately ensuing fiscal year, with other funds pledged and estimated to be received during that year, for the payment of the principal and interest due and payable in that year on all then outstanding bonds and notes secured by a debt service reserve fund the amount of which is then less than the minimum amount agreed upon. The governor shall include and submit to the legislature, in the budget for the following fiscal year, or in a supplemental budget if the regular budget for that year has previously been approved, the amounts certified to him by the agency.

In the opinion of Bond Counsel and counsel to the Agency, the State Legislature is legally authorized *but is not legally obligated* to appropriate such amounts.

Insurance Reserve Fund

The Bond Resolution creates and establishes an Insurance Reserve Fund to be used for the purpose of paying that portion of the claim for loss with respect to any Defaulted Loan which is not paid by a public or private insuring agency. As of any particular date of calculation, the Insurance Reserve Requirement is the sum of amounts, if any, established for each series of Bonds by the respective series resolutions.

The balance in the Insurance Reserve Fund on April 30, 2000 was \$7,142,949, which was at least equal to the Insurance Reserve Requirement.

Additional Bonds

The Bond Resolution permits the issuance of additional Bonds, upon the adoption of a series resolution, without limitation as to amount, to provide funds for the purpose of financing the making or purchase of Qualified Mortgage Loans and, in addition, to refund outstanding Bonds or other obligations of the Agency. No additional series of Bonds may be issued except upon verification by the Trustee that an amount equal to the Debt Service Reserve Requirement effective upon issuance of such Bonds will be on deposit in the Debt Service Reserve Fund and an amount equal to the Insurance Reserve Requirement effective upon issuance of such Bonds will be on deposit in the Insurance Reserve Fund, and that the estimated Revenues set forth in a Projected Revenue Certificate are in excess of required fund transfers and debt service on the Bonds in each Fiscal Year as set forth in the Projected Revenue Certificate.

Any additional Bonds issued under the Bond Resolution will be on parity with the Series Bonds and all other outstanding Bonds and will be entitled to the equal benefit, protection and security of the provisions, covenants and agreements of the Bond Resolution.

State Pledge Against Impairment of Contracts

The State in the Act has pledged to and agreed with the Bondholders that it will not limit or alter the rights vested in the Agency to fulfill the terms of any agreements made with them or in any way impair the rights and remedies of the Bondholders until the Bonds, together with the interest thereon and on any unpaid installments of interest, and all costs and expenses in connection with any action or proceeding by or on behalf of such Bondholders, are fully met and discharged.

THE AGENCY MORTGAGE PROGRAM

Procedures for Origination and Purchase

General

The following provides a general description of the Agency's Program, which is subject to change from time to time.

Application

The Agency's Program provides funds for the purchase by the Agency of newly originated Qualified Mortgage Loans at a price and bearing interest at rates to be established on the basis of the interest cost of the Bonds. From the proceeds of the Series Bonds, the Agency intends to purchase Mortgage Loans on terms resulting in an effective rate sufficient to pay the principal of and interest on the Series Bonds, the costs of servicing the Mortgage Loans and other expenses of the Program. The Agency may require that the seller shall pay discount points to reduce the overall interest rate on the Mortgage Loans, provide adequate compensation to Mortgage Lenders, and defray Agency operation costs and expenses.

In connection with the Program, the Agency has published *The MHFA Mortgage Program Procedural Manual* (the "Manual") which sets forth the guidelines and procedures for participation in the Program and the requirements for origination of Mortgage Loans, including provisions for compliance with the requirements of applicable federal law. The Agency solicits participation in the Program by sending an application and commitment agreement (the "Agreement") to eligible Mortgage Lenders that indicate an interest in participating in the Program. Each Mortgage Lender that meets Program requirements and

participates in the Program either executes or has executed an Agreement which incorporates the Manual by reference. Generally, Mortgage Lenders that participate in the Program receive no advance commitment of funds from the Agency (see exceptions in “Special Assistance Programs” below). Rather, on the day the Program commences, Mortgage Lenders may fax the Agency for an individual commitment of Mortgage Loan funds on a case-by-case basis as each application is taken and initially screened by the Mortgage Lender. The Mortgage Loan funds are then to be reserved for each specific case for a specific term. Should a specific case ultimately be declined or cancelled, the funds are available for use by another eligible borrower and Mortgage Lender. The amount of funds that may be used by an individual participating Mortgage Lender is to be determined by the Mortgage Loan demand experienced by the Mortgage Lender.

Upon execution of the Agreement by the Agency, each Mortgage Lender in the Twin Cities metropolitan area must pay a \$3,500 fee to participate in the Program, Mortgage Lenders in outstate Metropolitan Statistical Areas must pay a \$1,000 participation fee, and Mortgage Lenders in the balance of the State must pay a \$300 participation fee unless payment of such fees is specifically modified or waived by the Agency. Mortgage Lenders are not required to pay a reservation fee upon initial telephone reservation of an individual commitment. If the Agency has not purchased a Mortgage Loan pursuant to an individual commitment after 120 days where an existing home is to be financed or after 180 days if a newly constructed home is to be financed, the Agency, at its option, may charge and, if so charged, the Mortgage Lender must agree to pay an extension fee to maintain the individual commitment for a specified, extended period of time. Participation fees and, if charged, unrefunded extension fees are to be deposited in the General Reserve Account and are not specifically pledged to the payment of the Bonds.

Qualified Borrowers

The Agency has established the maximum gross income for eligible borrowers under the Program based upon applicable federal law, the interest rate to be charged on the Mortgage Loan and Agency policy objectives. The maximum gross income of an eligible borrower under the Program (other than as may be permitted under “Special Assistance Programs” and “Agency Bond Issuance on Behalf of Local Governments” below) is currently as follows:

Location of Mortgaged Property	Persons in Household							
	<u>One</u>	<u>Two</u>	<u>Three</u>	<u>Four</u>	<u>Five</u>	<u>Six</u>	<u>Seven</u>	<u>Eight</u>
11-County Twin Cities								
Metropolitan Area	\$35,150	\$40,150	\$45,200	\$50,200	\$54,200	\$58,250	\$62,250	\$66,250
Olmsted County	32,350	37,000	41,600	46,250	49,950	53,650	57,350	61,050
Balance of State	30,900	35,350	39,750	44,150	47,700	51,200	54,750	58,300

The Agency will apply the limitations set forth in Section 143(f) of the Internal Revenue Code of 1986, as amended (the “Code”) to applicants for Mortgage Loans from the proceeds of the Series Bonds.

At the time the Mortgage Loan is made, the borrower must certify his or her intention to occupy the mortgaged property as his or her principal residence.

Credit underwriting must be in compliance with Federal Housing Administration (the “FHA”), the Veterans Administration (the “VA”), the USDA Rural Development (formerly the Rural Housing and Community Development Service) (“USDA Rural Development”) and/or mortgage industry accepted underwriting standards. For loans which are not insured or guaranteed by FHA, VA or USDA Rural Development, the Agency emphasizes Federal National Mortgage Association or Federal Home Loan Mortgage Corporation (“FNMA/FHLMC”) standards in the Manual.

Currently, borrowers with a gross income of \$39,360 to \$51,955, depending on household size, may be eligible for assistance for entry costs, monthly principal and interest payments, equity contributions or all three forms of subsidy, if needed for borrower qualification. See “Homeownership Assistance Fund Loans” below.

The Agency may revise said income limits for the Program and for Homeownership Assistance Payments from time to time to conform with State and federal law and Agency policy objectives.

Qualified Mortgage Loans

Under the Bond Resolution, the unpaid principal amount of Mortgage Loans made or purchased from the Acquisition Fund must not exceed, at the time of purchase, 75 percent of the Market Value of the Home subject to the Mortgage unless it is insured or guaranteed in one of the following ways: (1) if the Mortgage Loan is to be insured or guaranteed by the FHA, VA, USDA Rural Development or another agency or instrumentality, of the United States which has similar powers to insure or guarantee Mortgage Loans, the amount may be the maximum permitted under the regulations of such agency or instrumentality, as modified to comply with the requirements of applicable federal law; or (2) if the Agency is issued a mortgage insurance policy by a private mortgage insurer qualified to provide insurance on mortgages purchased by the Federal Home Loan Mortgage Corporation or the Federal National Mortgage Corporation, or a similar federal agency or instrumentality, under which the insurer, if it requests the Agency to retain title, may pay a specified insured percentage of the claim, then the maximum amount of the Mortgage Loan is a percentage of the Market Value of the Home equal to 75 percent plus said insured percentage; or (3) if the Mortgage Loan is not initially guaranteed or insured in the manner set forth in either of subsections (1) or (2) above, the Agency, at the time it purchases the Mortgage Loan, shall either (i) transmit to the Trustee for deposit into the appropriate account in the Insurance Reserve Fund an amount equal to the difference between the amount of the uninsured Mortgage Loan and 75 percent of the Market Value or (ii) shall certify to the Trustee that the balance then existing in said account in the Insurance Reserve Fund is not less than the amount otherwise required by the preceding clause (i) to be on deposit therein.

Pursuant to recently enacted federal legislation, Mortgagors, with respect to Mortgage Loans originated after July 29, 1999 will have a right to cancel any private mortgage insurance policy insuring such loans when the outstanding principal amount of the Mortgage Loan has been reduced or is scheduled to have been reduced to 80 percent or less of the value of the Home at the time the Mortgage Loan was originated. The Mortgagor's right to cancel the policy is subject to certain conditions, including (i) that the Mortgagor has a good payment history with respect to the Mortgage Loan, (ii) that the Mortgagor has satisfied any requirement of the Agency that the value of the Home has not declined below the original value of the Home and (iii) that the Mortgagor certifies that the Mortgagor's equity in the Home is unencumbered by a subordinate lien. Any requirements for private mortgage insurance will automatically terminate when the scheduled principal balance of the Mortgage Loan, based on the original amortization schedule for the Mortgage Loan, is reduced to 78 percent or less of the value of the Home at the time of origination, provided the Mortgage Loan is current. The legislation also requires that Mortgagors with respect to Mortgage Loans originated prior to July 29, 1999 must be notified by the servicers on an annual basis that they may also have a right to cancel any private mortgage insurance policy insuring those loans with the consent of the Agency or in accordance with state law. The Agency's existing policy has been to permit the cancellation of private mortgage insurance when the outstanding balance of the Mortgage Loan has been reduced to 75 percent or less of the value of the Home at the time of origination, assuming a good payment history.

Qualified Mortgage Loans may be purchased from (1) Mortgage Lenders including any bank, savings bank, mutual savings bank, savings and loan association, or building and loan association organized under the laws of Minnesota or the United States, and any mortgagee or lender approved or certified by the Secretary of Housing and Urban Development or by the Administrator of Veterans Affairs, or (2) any agency or instrumentality of the United States or the State.

Under the Bond Resolution the Agency must take or require a Servicer to take all measures, actions and proceedings reasonably necessary and deemed by it to be most effective to recover the balance due on a Defaulted Mortgage Loan, including the curing of the default by the Mortgagor, foreclosure of the Mortgage, acceptance of a conveyance in lieu of foreclosure, sale of the Mortgage, renting or selling the Home, collection of any applicable mortgage insurance or guaranty, and preservation of the title to and value of the Home pending recovery of the balance of the Defaulted Mortgage Loan. See "State Laws Affecting Foreclosure" in Appendix D.

Qualified Real Property

Pursuant to the Manual, Mortgage Loans may be purchased for (1) residential property in Minnesota on which is located an owner-occupied one- or two-family dwelling, or (2) an owner-occupied residential unit in a condominium, townhouse or planned unit development.

The Agency has established maximum purchase prices under the Program pursuant to the requirements of applicable federal law. For the Series Bonds (other than with respect to variations permitted under "Special Assistance Programs" and

“Agency Bond Issuance on Behalf of Local Governments” below), maximum purchase prices for both one- and two-family homes currently are:

<u>If the property to be mortgaged is located in:</u>	<u>New Construction and Existing Residences</u>
11-County Twin Cities Metropolitan Area	\$149,485
Rice County	110,226
Goodhue County	106,533
Olmsted County	106,311
Nicollet County	104,033
McLeod County	99,008
Steele County	97,340
Dodge County	93,498
Clay County	93,175
Blue Earth County	91,941
Benton and Stearns Counties	90,544
Winona County	84,978
Houston County	83,145
Kandiyohi County	81,133
Balance of State	77,540

The Agency may revise said maximum purchase prices from time to time to conform with applicable State and federal law and Agency policy objectives. New construction is currently not permitted to be financed in the 11-county Twin Cities metropolitan area, except in connection with the special assistance programs and Agency bond issuance on behalf of local governments described below.

Under federal law, except in limited circumstances, no newly constructed 2-family residences may be financed, as such properties must have been previously used as a 2-family residence for at least five years prior to the date of closing.

Special Assistance Programs

Notwithstanding the above, the Agency may set aside the proceeds of the Series Bonds under the Program for special assistance program components to meet specified housing needs identified by the Agency. Under such program components, the Agency may commit proceeds to such entities as Mortgage Lenders, units of local government or local housing and redevelopment authorities, nonprofit housing providers, builders/developers, and other entities that, in turn, will provide housing finance opportunities that address a specified housing need to qualified borrowers purchasing qualified real property.

All Mortgage Loans originated under special assistance program components shall be qualified mortgage loans as described above. Under certain circumstances, the Agency may elect to directly originate such Mortgage Loans through its own staff.

Both borrowers and properties under special assistance program components are to be in compliance with FHA/VA/USDA Rural Development and/or mortgage industry accepted underwriting standards. The Agency may elect to either reduce or increase the income and/or house price limits provided herein incident to a specific assistance program component, but in all circumstances, the Agency will assure that the applicable limits meet the requirements of federal law.

Agency Bond Issuance on Behalf of Local Governments

State law provides the process and procedures by which applicable units of local government may request an allotment and subsequent allocation of qualified mortgage bond authority from a statewide housing pool established for this purpose. In 1990, the State Legislature passed a law which enables applicable units of local government to assign their qualified mortgage bond authority to the Agency which may then issue bonds on behalf of local governments up to the amount of allocation assigned to the Agency.

Under the terms by which the Agency has agreed to accept the assignment of bond allocation, the Agency is to set aside the amount of funds allocated for each unit of local government for the exclusive use of said local government in the geographic area designated by same for a six month period. During the set-aside period, Mortgage Lenders designated by the unit of local government may reserve Mortgage Loans for specific cases for a specific term in accordance with the Manual. Should any funds remain unreserved at the end of the six-month set-aside period, remaining funds are then to be available for Mortgage Loans to be reserved by any other participating units of local government for an additional two-month period. At the end of the two-month period, any unreserved funds are available to the Agency for general program purposes.

Pursuant to State law governing the allotment and allocation of qualified mortgage bond authority, applicable units of local government may establish income and/or house price limits somewhat higher than the limits otherwise provided for the Program. However, the Agency is to assure that the applicable limits meet requirements of federal law.

All Mortgage Loans originated pursuant to Agency bond issuance on behalf of units of local government shall be qualified Mortgage Loans as described above. Both borrowers and properties are to be in compliance with FHA, VA, USDA Rural Development and/or mortgage industry accepted underwriting standards. However, participating units of local government do have the authority to set-aside funds to meet locally identified housing goals or address special program purposes within their geographic areas.

Homeownership Assistance Fund Loans

The Agency has established a Homeownership Assistance Fund created with appropriations by the State Legislature from which Housing Assistance Fund loans are made. In addition, the Agency has established a Homeownership Endowment Fund within the Residential Housing Finance Bond Resolution which is also a source of funding for these loans. A second mortgage loan is made by the Agency to the Mortgagor for one of three purposes: (i) to assist in the payment of entry costs (i.e., required down payment and closing costs) on the home (up to a maximum of \$3,500); (ii) to assist in the payment of monthly principal and interest on the Mortgage Loan (up to a maximum of \$1,440); or (iii) to provide an equity contribution loan in the amount necessary to reduce the Mortgage Loan payments to an affordable level (up to a maximum of \$10,000). Eligible Mortgagors may receive either entry cost assistance or payment assistance separately or together, but may only receive the equity contribution loan after application of the first two forms of assistance fail to qualify them for the Mortgage Loan. At the time the Mortgage Loan is made, the Agency agrees to provide assistance and the Mortgagor agrees to repay such loan upon sale, transfer, refinancing or when the property is no longer occupied by the Mortgagor.

Mortgagors who meet certain income requirements and who do not have sufficient cash for down payment and closing costs are eligible for entry cost assistance. Such Mortgagors are eligible for entry cost assistance of up to 50 percent of the entry cost requirement, with the total of such assistance not to exceed \$3,500. The maximum household income requirements are as follows:

Persons in Household	1-4	5	6	7	8+
Income Requirements	\$39,360	\$42,509	\$45,658	\$48,806	\$51,955

The Agency may change the income limits from time to time. In addition to meeting the specified household income limits, Mortgagors that wish to receive monthly payment assistance or an equity contribution loan must attend qualified homebuyer classroom instruction for at least six hours before the Mortgage Loan is closed. This requirement does not apply to Mortgagors that only receive entry cost assistance.

The assistance for monthly principal and interest payments is also available to the Mortgagor at the same qualifying income limits described above. The initial monthly assistance payment (made directly by the Agency to the Servicer) ranges from a maximum of \$60 (\$1,440 cumulative) to a minimum of \$20 (\$240 cumulative) based upon actual need for the assistance by the Mortgagor. Monthly assistance payments decrease by \$20 each year until the assistance ceases. In making a Mortgage Loan, the monthly assistance payments will be taken into account in determining the ability of the Mortgagor to pay principal of and interest on the Mortgage Loan over its term.

Mortgagors whose housing debt ratio is greater than 28% of their total income and who will receive the maximum monthly payment assistance of \$60 per month may also be eligible for an equity contribution loan in an amount necessary to reduce their housing debt ratio to 28%, but not to exceed \$10,000. The equity contribution loan is available to Mortgagors who

qualify under the income limits for entry cost assistance and monthly payment assistance. The equity contribution loan is a deferred loan which is due on sale, transfer or refinancing or when the property is no longer occupied by the Mortgagor.

Mortgage Loans made or purchased from the proceeds of subsequent series of Bonds may or may not include Homeownership Assistance. Neither the Homeownership Assistance Fund nor the Homeownership Endowment Fund have been pledged to or are available for the payment of principal or interest on the Bonds. The Agency, however, has covenanted in the Bond Resolution to set-aside an amount sufficient with anticipated investment income therefrom to make all disbursements of assistance agreed to be made available with respect to any Mortgage Loan.

Target Areas

Pursuant to applicable federal law, target areas have been established for the Program. Target areas consist of certain census tracts in the State in which 70 percent of the families have an annual income of 80 percent or less of the statewide median income or areas determined by the State and approved by the Secretary of the Treasury of the United States and the Secretary of the United States Department of Housing and Urban Development to be areas of chronic economic distress (the "Target Areas"). The Agency will reserve the required amount of the Series Bond proceeds for the purchase of Mortgage Loans financing the purchase of residences located in Target Areas and will advertise the availability of Series Bond funds for Mortgage Loans in Target Areas. The Agency is also required to exercise reasonable diligence in seeking to finance residences in Target Areas with Series Bond proceeds. Absent any determination by the Agency that further reservation is required by federal law, any moneys remaining unused may be made available to finance the purchase of residences located anywhere within the State, or may be used to redeem Series Bonds.

Servicing

Under the Program, the Agency has set forth requirements for the servicing and accounting of Mortgage Loans in a Servicing Manual. Servicing may be granted to Mortgage Lenders that may demonstrate adequate technical capability to the Agency's satisfaction. Each Servicer must maintain at all times a fidelity bond and an errors and omissions policy issued by a company having a current rating in Best's Insurance Reports of A/AAA or better. Servicers are required to ensure that mortgagors maintain on each home a hazard insurance policy providing fire and extended coverage equal to or greater than that customary in the geographic area in which the home is located. Servicers are required to advise the Agency if a home is exposed to a risk not otherwise covered by the hazard insurance policy and the Agency may require additional coverage.

The Agency requires a number of reports from its Servicers. Among those to be submitted is a monthly reconciliation report together with a supporting loan trial balance. In addition, a settlement remittance report, designed to summarize amounts due the Agency and to reconcile weekly remittances to the final amount due for the reporting period, is due on a monthly basis. The Agency has established specific requirements for Servicers regarding the procedures to be followed in cases involving delinquencies. In addition to a monthly report requirement, Servicers are required, by following the Agency's procedures, to bring a delinquency current in the shortest possible time. The Agency may, at any time, terminate a servicing agreement and re-assign servicing. Under the Program, Servicers will receive as compensation a monthly servicing fee not to exceed 1/12 of 3/8 of 1 percent of the outstanding principal amount of Mortgage Loans.

Applicable Federal Law Mortgage Eligibility Requirements

Applicable federal law imposes significant limitations on the financing of mortgage loans on owner occupied one- to four-family residences with the proceeds of a qualified mortgage bond issue, such as the Series Bonds. See "Tax Exemption and Related Considerations."

Mortgage Loan Portfolio

As of March 31, 2000, the Agency had outstanding loans receivable of \$1,104,637,000, gross, from the proceeds of the Outstanding Bonds. An additional \$39,125,000 aggregate principal amount of mortgage loans were being processed at March 31, 2000. As of March 31, 2000, excluding the proceeds of short-term bonds and notes, there were approximately \$7,437,000 of uncommitted proceeds from previous bond sales available for commitment.

The Agency's delinquency and foreclosure experience is currently at or below the national Mortgage Bankers Association average.

OTHER PROGRAMS

In addition to the Program funded from the proceeds of the Bonds, the Agency finances other housing programs which provide loans for the purchase or improvement of single family housing and the acquisition, construction or rehabilitation of multifamily rental housing in the State of Minnesota. The assets devoted to these programs are briefly described in the Notes to the Financial Statements in Appendix A.

TAX MATTERS

Remarketed Bonds

The Remarketed Bonds are subject to the requirements of Sections 143 and 148 and certain other sections of the Code.

The loan eligibility requirements of Section 143 applicable to Mortgage Loans funded in whole or in part with proceeds of the Remarketed Bonds are that (1) the Home on which the Mortgage Loan is made is a single family residence which, at the time the Mortgage Loan is made, is or can reasonably be expected within a reasonable time to become the principal residence of the Mortgagor and is located in the State; (2) except in certain limited circumstances, no part of the proceeds is to be used to acquire or replace any existing mortgage; (3) the "acquisition cost" of the Home meets certain limits; (4) the family income of the Mortgagor meets certain limits; (5) with certain exceptions, the Mortgagor shall not have had a present ownership interest in his principal residence during the preceding three years; and (6) the Mortgage Loan shall not be assumable unless the requirements of (1), (3), (4) and (5) above are met at the time of the assumption. An issue is treated as meeting the loan eligibility requirements of Section 143 if (1) the issuer in good faith attempted to meet all of the requirements before the loans were executed; (2) 95 percent or more of the proceeds of the issue used to finance loans were devoted to residences which met all such requirements at the time the loans were executed or assumed; and (3) any failure to comply with the loan eligibility requirements is corrected within a reasonable period after such failure is first discovered.

The Code also imposes additional requirements to maintain the exclusion from gross income for federal income tax purposes of interest on the Remarketed Bonds. For example, the Code limits the amount of the costs of issuance which may be paid from the proceeds of the Remarketed Bonds and limits the size of reserve funds established with the proceeds of the Remarketed Bonds. In addition, the Code imposes, on a continuing basis, limitations on investment of the proceeds of the Remarketed Bonds and requires earnings on non-mortgage investments in excess of the yield on the Remarketed Bonds to be rebated to the United States.

The Agency has included provisions in the Resolutions, the Manual and other relevant documents, and has established procedures (including receipt of certain affidavits and warranties from Mortgage Lenders, Mortgagors and others respecting the mortgage eligibility requirements) in order to ensure compliance with the requirements of the Code which must be met subsequent to the date of original issuance of the Remarketed Bonds. The Agency has covenanted in the Resolutions to do all things necessary to assure that interest on the Remarketed Bonds will be excludable from federal gross income and not to permit any proceeds of the Remarketed Bonds to be used in a manner which violates any of the restrictions contained in applicable federal law. In the opinion of Bond Counsel, the Manual and the Agency's covenants in the Resolutions establish procedures under which the requirements of applicable federal law can be met. Noncompliance with the requirements in the Manual and Resolutions may cause interest on the Remarketed Bonds to become includable in the federal gross income of the owners thereof retroactive to the date of issue.

Assuming compliance with certain covenants in the Manual and Resolutions intended to assure compliance with the Code and with the procedures established by the Agency, in the opinion of Dorsey & Whitney LLP, Bond Counsel, under existing laws, regulations, rulings and decisions, interest on the Remarketed Bonds is not includable in gross income of the owners thereof for federal income tax purposes.

The Code imposes an alternative minimum tax with respect to individuals and corporations on alternative minimum taxable income. *In the opinion of Bond Counsel, interest on the Series H Bonds, but not the Series G Bonds, will be treated as a preference item for purposes of calculating the federal alternative minimum taxable income of individuals and corporations. Interest on the Series G Bonds and the Series H Bonds will be included in adjusted current earnings for purposes of computing federal alternative minimum taxes imposed on corporations.*

Prospective purchasers of the Remarketed Bonds should also be aware that (i) with respect to insurance companies subject to the tax imposed by Section 831 of the Code, Section 832(b)(5)(B)(i) reduces the deduction for loss reserves by 15 percent of the sum of certain items, including interest on the Remarketed Bonds, (ii) interest on the Remarketed Bonds earned by certain foreign corporations doing business in the United States could be subject to a branch profits tax imposed by Section 884 of the Code, (iii) interest on the Remarketed Bonds may be included in the net investment income of foreign insurance companies for purposes of computing the tax imposed by Section 842(b) of the Code, (iv) passive investment income, including interest on the Remarketed Bonds, may be subject to federal income taxation under Section 1375 of the Code for Subchapter S corporations that have accumulated earnings and profits at the close of the taxable year if greater than 25 percent of the gross receipts of such Subchapter S corporation is passive investment income, and (v) Section 86 of the Code requires recipients of certain Social Security and certain Railroad Retirement benefits to take into account, in determining gross income, receipts or accruals of interest on the Remarketed Bonds.

In addition, in the opinion of Bond Counsel, interest on the Remarketed Bonds is not includable in the taxable net income of individuals, trusts and estates for Minnesota income tax purposes. *Interest on the Series H Bonds, but not the Series G Bonds, is includable in income for purposes of calculating the Minnesota alternative minimum tax applicable to individuals, trusts and estates.* Interest on the Remarketed Bonds is includable in the income of financial institutions and corporations for purposes of the Minnesota franchise tax.

The above summary of possible indirect tax consequences is not exhaustive. All purchasers of the Remarketed Bonds, particularly purchasers that are corporations (including Subchapter S corporations and foreign corporations operating branches in the United States), property or casualty insurance companies, foreign insurance companies, banks, thrifts or other financial institutions, or certain recipients of Social Security and Railroad Retirement benefits, should consult their tax advisors regarding other possible federal and state income tax consequences of ownership of the Remarketed Bonds.

New Issue Bonds

Interest on the New Issue Bonds is includable in gross income for purposes of federal income taxation and is includable in the taxable net income of individuals, trusts and estates for Minnesota income tax purposes.

Certain State Tax Legislation

The 1995 State Legislature enacted a statement of intent, codified as Minnesota Statutes, Section 289A.50, subdivision 10, that interest on obligations of Minnesota governmental units and Indian tribes be included in the net income of individuals, trusts and estates for Minnesota income tax purposes if a court determines that Minnesota's exemption of such interest unlawfully discriminates against interstate commerce because interest on obligations of governmental issuers in other states is so included. This provision applies to taxable years that begin during or after the calendar year in which any such court decision becomes final, irrespective of the date upon which the obligations were issued. No similar legislation was proposed or approved during the 1996, 1997, 1998, 1999 or 2000 legislative sessions. The Agency is not aware of any judicial decision holding that a state's exemption of interest on its own bonds or those of its political subdivisions or Indian tribes, but not of interest on the bonds of other states or their political subdivisions or Indian tribes, unlawfully discriminates against interstate commerce or otherwise contravenes the United States Constitution. Nevertheless, the Agency cannot predict the likelihood that interest on the Remarketed Bonds would become taxable (for Minnesota income tax purposes) under this Minnesota statutory provision.

LEGAL MATTERS

All legal matters incident to the authorization, original issuance and delivery or remarketing of the Series Bonds are subject to the opinion of Dorsey & Whitney LLP, Minneapolis, Minnesota, Bond Counsel. The respective opinions of Bond Counsel will be provided in substantially the forms set forth in Appendix F attached hereto. Certain legal matters will be passed upon for the Underwriters by their counsel, Orrick, Herrington & Sutcliffe LLP, New York, New York.

FINANCIAL ADVISOR

The Agency has appointed Evensen Dodge, Inc., Minneapolis, Minnesota, to serve as financial advisor to the Agency on matters related to the issuance of bonds (including the Series Bonds) and various asset and debt management matters.

UNDERWRITERS

The Remarketed Bonds are being remarketed, and the New Issue Bonds are being purchased, by the Underwriters, for which PaineWebber Incorporated, U.S. Bancorp Piper Jaffray Inc. and Dain Rauscher Incorporated are acting as Managers. The Underwriters are to be paid a fee of \$424,580.15 with respect to the remarketing of the Remarketed Bonds and are to be paid a fee of \$181,800.00 with respect to the offering of the New Issue Bonds. The Underwriters may offer and sell the Series Bonds to certain dealers and certain dealer banks at prices lower than the public offering prices stated on the inside front cover hereof.

MISCELLANEOUS

This Official Statement is submitted in connection with the remarketing of the Remarketed Bonds and the offering of the New Issue Bonds and may not be reproduced or used, as a whole or in part, for any other purposes. Any statement made in this Official Statement involving matters of opinion or estimates, whether or not expressly so stated, are set forth as such and not as representations of fact. This Official Statement is not to be construed as a contract or agreement between the Agency and the purchasers or holders of any of the Series Bonds.

The execution and delivery of this Official Statement have been duly authorized by the Agency.

INDEPENDENT AUDITORS' REPORT

The Members of the
Minnesota Housing Finance Agency:

We have audited the accompanying balance sheets of the General Reserve Account and the Single Family Fund, together the Funds, of the Minnesota Housing Finance Agency (the Agency) as of June 30, 1999 and June 30, 1998 and the related statements of revenues and expenses and changes in restricted fund balances and cash flows for the years then ended. These financial statements are the responsibility of the Agency's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with generally accepted auditing standards. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements of the Funds referred to above present fairly, in all material respects, the financial position of the Funds of the Minnesota Housing Finance Agency as of June 30, 1999 and 1998, and the results of their operations and their cash flows for the years then ended in conformity with generally accepted accounting principles.

The year 2000 supplementary information is not a required part of the general purpose financial statements, but is supplementary information required by the Governmental Accounting Standards Board, and we did not audit and do not express an opinion on such information. Further, we were unable to apply to the information certain procedures prescribed by professional standards because of the nature of the subject matter underlying the disclosure requirements and because sufficiently specific criteria regarding the matter to be disclosed have not been established. In addition, we do not provide assurance that the Agency is or will become year 2000 compliant, that the Agency's year 2000 remediation efforts will be successful in whole or in part, or that parties with which the Agency does business are or will become year 2000 compliant.

MINNESOTA HOUSING FINANCE AGENCY
NOTES TO FINANCIAL STATEMENTS
(Information for the period after June 30, 1999 is unaudited)

1. Nature of Business and Fund Structure

The Minnesota Housing Finance Agency was created in 1971 by an Act of the Minnesota Legislature. The Agency was established to facilitate the construction and rehabilitation of housing in Minnesota for families of low- and moderate-income by providing for mortgage loans, development loans and technical assistance to qualified housing sponsors to be used for such construction and rehabilitation. The Agency is a component unit of the state of Minnesota and receives appropriations from the State Legislature substantially all of which are used to make loans or grants under specified non-bond-financed programs.

The Agency is authorized to issue bonds and other obligations to fulfill its corporate purposes up to a total outstanding amount of \$2.4 billion. Amounts so issued shall not be deemed to constitute a debt of the state of Minnesota or any political subdivision thereof.

The following describes the funds maintained by the Agency, all of which conform with the authorizing legislation and bond resolutions:

General Reserve Account

The General Reserve Account was established in fulfillment of the pledge by the Agency of its full faith and credit in its bond resolutions. Administrative costs of the Agency and multifamily development escrows receipts and disbursements are recorded in this account.

Single Family

Bond proceeds for the bond-financed homeownership programs are maintained primarily under Single Family. These loans are secured by first mortgages on real property.

2. Other Funds of the Agency

The following describes the funds maintained by the Agency which are not shown in these financial statements, all of which conform with the authorizing legislation and bond resolutions:

Appropriated Accounts

The Appropriated Accounts were established to account for funds received from the State Legislature and the Federal government which are to be used for low-interest loans, no-interest deferred loans, programs for low- to moderate-income persons and families, innovative development and other housing related program costs.

The following describes the bond funds maintained by the Agency, all of which conform with the authorizing legislation and bond resolutions.

Residential Housing Finance

Included within Residential Housing Finance are the bonds issued and outstanding under the resolution, the bond restricted Home Improvement, Homeownership and Multifamily Endowment Funds, and the board restricted Alternative Loan Fund.

Bonds

The 1995 Series A and 1997 Series A bonds were issued to fund purchases of single family first mortgage loans. The Agency anticipates that future series will finance program obligations for other as well as single family mortgage loans.

Assets of the series bonds issued and outstanding under the Resolution and of the three endowment funds described below are pledged to the repayment of Residential Housing Finance bondholders.

2. Other Funds of the Agency (continued)

Home Improvement Endowment Fund

This fund is the principal source of funding for home improvement loans. There are currently no outstanding bonds for the home improvement program. Home improvement loans in excess of \$5,000 are generally secured by a second mortgage.

Homeownership Endowment Fund

This fund is the source of funding for the entry cost and monthly housing assistance programs for first-time homebuyers and below-market interim financing during construction and/or rehabilitation of single family housing.

Multifamily Endowment Fund

This fund is the principal source of funding for innovative multifamily programs that are not candidates for bond financing such as a tenant services program, a contingency fund, non-profit capacity building, flexible financing, and a program for leveraging investments in neighborhoods and children.

Alternative Loan Fund

An Alternative Loan Fund has been established in the Residential Housing Finance Bond Resolution to deposit funds in either the Housing Investment or Housing Affordability Fund, which were otherwise available to be transferred to the General Reserve Account. The Alternative Loan Fund is not pledged to the payment of the Residential Housing Finance bonds, or any other specific debt obligation of the Agency but is generally available to pay any debt obligation of the Agency.

The Alternative Loan Fund, Housing Investment Fund, is the source of funding for programs such as New Construction Tax Credits first mortgages and bridge loans, Home Energy Loans and other investment grade loans, as defined by the Agency.

The Alternative Loan Fund, Housing Affordability Fund, is the source of funding for Agency administrative costs, bond sale contributions, zero percent deferred multifamily loans, Low & Moderate Income Rental Program loans and other low-interest-rate loans with higher than ordinary risk factors.

Each respective bond resolution described above prescribes the accounting for bond proceeds, debt service requirements of the bond indebtedness, permitted investments, and eligible loans to be financed from the bond proceeds.

Housing Development and Rental Housing

Bond proceeds for the multifamily housing programs are maintained under two separate bond resolutions: Housing Development and Rental Housing. These loans are secured by first mortgages on real property.

Multifamily Housing

During August 1998, utilizing available prepayments, funds available within Multifamily Housing and optional redemption provisions, the Agency fully retired the remaining bonds. Any remaining assets were transferred to Residential Housing Finance.

Of the total Restricted Fund Balances listed above at March 31, 2000, June 30, 1999 and June 30, 1998, \$247,048,000, \$239,669,000 and \$234,265,000 are Bond Restricted, \$155,381,000, \$153,691,000 and \$132,652,000 are Board Restricted.

As of March 31, 2000, June 30, 1999 and June 30, 1998 the Agency had committed \$34,621,000, \$37,351,000 and \$53,485,000 respectively, for the purchase or making of future loans from the above mentioned funds.

3. Summary of Significant Accounting Policies

The following is a summary of the more significant accounting policies.

Basis of Accounting

The Agency follows the accrual basis of accounting.

Cash and Cash Equivalents, net

Cash equivalents may include commercial paper, money market funds, repurchase agreements, investment agreements and any other investments, primarily US treasuries and agencies, which have 90 or less days remaining to maturity at the time of purchase.

Investment Securities, net

The Agency carries investment securities at fair market value and records unrealized gains and losses on investment securities as a result of changes in market valuations.

Loans Receivable, net

Loans receivable are carried at their unpaid principal balances, net of an allowance for loan losses, unamortized premiums or discounts and fees.

The allowance for loan losses is established based on management's evaluation of the loan portfolio.

Generally, the Agency provides an allowance for loan losses for multifamily loans after considering the specific known risks; adequacy of collateral and projected cash flows; past experience; amount of federal or state rent subsidies, if any; the status and amount of past due payments, if any; the amount of deferred maintenance, if any; and current economic conditions.

For homeownership, home improvement and home energy loans, the Agency establishes varying amounts of reserves depending upon the number of delinquent loans, the number of days delinquent and the type of insurance coverage in force: Federal Housing Administration (FHA) insurance, Rural Development (RD) guarantee, Veterans Administration (VA) guarantee, private mortgage insurance and pool or self-insurance.

MINNESOTA HOUSING FINANCE AGENCY
NOTES TO FINANCIAL STATEMENTS
(Information for the period after June 30, 1999 is unaudited)

3. Summary of Significant Accounting Policies (continued)

Actual losses incurred are charged against the allowance for loan losses; recoveries are added to the allowance for loan losses. Management believes the allowances for loan losses adequately reserve for probable losses inherent in the loan portfolios as of June 30, 1999 and June 30, 1998.

Premiums, discounts or fees resulting from the purchase or origination of mortgage loans at other than face value are amortized using the effective interest method.

Interest Receivable on Loans

The Agency accrues interest on its non-deferred loans until they become 90 days or more delinquent in the case of multifamily loans or until they become real estate owned for all other loans.

Mortgage Insurance Claims Receivable, net

Mortgage insurance claims are filed on properties that are FHA insured or VA guaranteed.

Real Estate Owned

Real estate acquired through foreclosure is recorded at the lower of the investment in the loan or estimated fair market value less estimated selling costs.

Bonds Payable, net

Bonds payable are carried at their unpaid principal balances, net of unamortized deferred financing costs. Deferred finance costs are amortized using the effective interest method in the Single Family and Residential Housing Finance. In Housing Development and Rental Housing, deferred finance costs are amortized using the bonds outstanding method due to the unpredictable nature of loan prepayments.

Interfund Payable (Receivable)

Interfund payable primarily reflects pending transfers of cash and assets between funds. The more significant activities that flow through this fund may include funds advanced for purposes of optionally redeeming bonds when economically advantageous, funds advanced for loan warehousing, administrative fees receivable and payable between funds, and certain mortgage payments received and pending transfer to the respective funds.

Funds Held for Others

Funds held for others are primarily escrow amounts held by the Agency on behalf of multifamily housing developments financed with the Agency's bonds. These amounts are held under the terms of the related loans and Federal regulations regarding subsidized housing. Investment income relating to these funds is credited directly to the escrow funds; it is not included in the investment income of the General Reserve Account. Also included in funds held for others are monitoring fees collected and pending disbursement in connection with the Class 4(d) Real Estate Tax Assessment Legislation.

Bond Resolution Restricted

Bond Resolution Restricted Fund Balances represent those funds restricted within the respective bond resolution due to the specific provisions of the bond resolutions.

Board Resolution Restricted

Board Resolution Restricted Fund Balances represent those funds in the General Reserve Account and those funds which were otherwise available to be transferred to the General Reserve Account. Under the Agency's bond resolutions, these are pledged as security for the Agency's general obligation pledge under such resolutions. The Agency's Board is responsible for establishing the investment guidelines for these funds.

MINNESOTA HOUSING FINANCE AGENCY
NOTES TO FINANCIAL STATEMENTS
(Information for the period after June 30, 1999 is unaudited)

3. Summary of Significant Accounting Policies (continued)

Fees Earned

Fees earned consists of fees related to the financing and administration of Section 8 properties, fees in connection with operating the Low Income Housing Tax Credit Program and application fees for administering the Class 4(d) Real Estate Tax Assessment Legislation. Fee income is recorded as it is earned.

Reduction in Carrying Value of Low Interest Rate Deferred Loans

Generally, the carrying value of those Housing Affordability Fund loans and Endowment Fund loans which are originated at interest rates ranging from 0-3% and for which repayment is deferred for up to 30 years is written down to zero at the time of origination by providing for a Reduction in Carrying Value of Low Interest Rate Deferred Loans because of the nature of these loans and the risk associated with them.

Other Changes

The Agency utilizes the Other Changes section of the Statement of Revenues and Expenses and Changes in Restricted Fund Balances to describe various transfers between funds.

Administrative Reimbursement From (To) Funds

The Agency's administrative operations are funded primarily by a monthly transfer from each of the bond funds to the General Reserve Account in the amount of sixty basis points annually based on long-term bonds outstanding. For programs funded through state appropriations, the Agency recovers the cost of administering the programs to the extent of interest earnings on the appropriations. Such cost recoveries are recorded in this account.

Transfer of Assets Between Funds

Funds in excess of the Housing Endowment Fund requirement, if any, in the General Reserve Account are transferred annually to the Residential Housing Finance, Alternative Loan Fund.

Contribution to Program Funds

The Agency's contributions to its bond issues, generally made from the Residential Housing Finance Alternative Loan Fund, Housing Affordability Fund, are reflected here.

Non-Cash Activities

Transfers from loans receivable to mortgage insurance claims receivable for fiscal year 1999 were \$168,877 and \$7,055,542, for Residential Housing Finance and Single Family, respectively.

Use of Estimates

The preparation of the financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Reclassifications

Certain amounts in the financial statements for the prior year have been reclassified to conform with the present year presentation.

Related Party Transactions

On October 30, 1998 and April 30, 1999, Residential Housing Finance purchased loans with an aggregate value of \$45,619,056 from Single Family utilizing available non-bond funds. The

impact on the combined Statement of Revenues and Expenses and Changes in Restricted Fund Balances was immaterial.

The Alternative Loan Fund in Residential Housing Finance continues to reflect outstanding advances made in fiscal year 1997 for the purpose of optionally redeeming bonds in Rental Housing. The advances were made in order to take advantage of economically favorable conditions for redeeming bonds. The advances continue to be repaid according to the original debt schedule. This transaction was recorded in Interfund Payable.

Income Taxes

The Agency is an agency of the state of Minnesota and is exempt from federal and state income taxes. Accordingly, no provision for income taxes is necessary.

Rebateable Arbitrage

Arbitrage earnings that are due to the Federal government are recorded in Accounts Payable. This liability does not reflect any unrealized appreciation or depreciation as a result of recording investment securities at fair market value.

4. Cash, Cash Equivalents and Investment Securities, Net

Investments consist of those permitted by the various bond resolutions, state law and Board policy.

Cash and cash equivalents are stated at cost which approximates market and are composed of the following (in thousands):

Deposits may consist of commercial paper for the General Reserve Account and cash awaiting investment in the daily sweep vehicle for the remainder of the funds. The commercial paper is held by the Agency's agent.

Repurchase agreements are collateralized at 102% of loan value with US treasury and agency securities maturing in less than six years. Generally, repurchase agreements mature in one week or less. At June 30, 1999 the collateral for the repurchase agreements in the General Reserve Account is held by a third-party agent. The collateral for the repurchase agreements in the remainder of the funds is held by the trustee as trustee for the Agency.

Generally, investment agreements are uncollateralized, interest-bearing, time deposits with financial intermediaries with variable liquidity features which require from a one day to two week notice for deposits and/or withdrawals and are invested in accordance with the restrictions specified in the various bond resolutions. All the investment agreement providers have a Standard & Poor's credit rating of "A" or higher. Substantially all of the agreements contain "termination" clauses so that the Agency may withdraw funds early if credit ratings deteriorate below specified levels and collateral is not provided.

6. Bonds Payable, Net (continued)

Amounts of bonds maturing in the first five fiscal years subsequent to March 31, 2000, excluding bonds called for early redemption prior to June 30, 1999, as listed below, are as follows (in thousands):

The income and assets of each of the bond funds are pledged for the payment of principal and interest on the bonds issued and to be issued by the program. The Agency believes that as of June 30, 1999, the assets of all funds and accounts in the bond funds equaled or exceeded the requirements as established by the bond resolution.

As of or after June 30, 1999, the Agency called for early redemption of the following Single Family bonds (in thousands):

<u>Retirement Date</u>	<u>Original Principal Amount</u>

7. Board Restricted Fund Balances

In accordance with provisions of the respective bond resolutions, the Agency may transfer money from the bond funds to the General Reserve Account. The Agency has pledged to deposit in the General Reserve Account any such funds transferred from the bond funds, except for any amounts as may be necessary to reimburse the State for money appropriated to restore a deficiency in any debt service reserve fund. The Agency further covenants that it will use the money in the General Reserve Account only for the administration and financing of programs in accordance with the policy and purpose of the Minnesota Housing Finance Agency Act, including reserves for the payment of bonds and of loans made from the proceeds thereof, and will accumulate and maintain therein such a balance of funds and investments as will be sufficient for that purpose. All interfund transfers are approved by the Board of the Agency.

In order to provide financial security for the Agency's bondholders and to provide additional resources for housing loans to help meet the housing needs of low and moderate income Minnesota residents, the Agency's Board adopted the following investment guidelines. These guidelines are periodically evaluated in consideration of changes in the economy and changes in the Agency's specific risk profile. The Agency's Board in 1997 reaffirmed the guidelines in connection with a forward-looking risk analysis. The following table describes the balances to be maintained according to the guidelines. Amounts in this table do not include unrealized appreciation or depreciation resulting from valuing investment securities at fair market value.

11. Contingencies

The State of Minnesota and the Federal Department of Labor (DOL) reached an agreement in February 2000 with respect to an audit performed by the DOL regarding compliance with the Fair Labor Standards Act (FLSA). Under terms of the agreement, every state agency, including MHFA, will undertake a study to determine whether any professional, professional supervisory and professional unrepresented job classifications, previously thought to be exempt from overtime compensation under the FLSA, are non-exempt. The period of the study is March 1 through October 31, 2000. If any job classifications are determined to be non-exempt, MHFA may incur overtime expense for a prior period dating back to January 12, 1998. As of the date of this offering statement, no determinations have been made and no estimate of overtime, if any, can be made.

Any or all of the items listed above may be provided by reference to other documents, including official statements of debt issues of the Agency or related public entities, which have been submitted to each of the Repositories. If the document provided by reference is a final official statement, it must be available from the Municipal Securities Rulemaking Board. The Agency shall clearly identify each such other document so incorporated by reference in the Agency's Annual Report.

The accounting principles used by the Agency in the preparation of its financial statements are generally accepted accounting principles, referred to as "GAAP."

(d) If the Agency has determined that the occurrence of a Listed Event is material within the meaning of cases decided under the 1934 Act, the Agency Disclosure Representative shall promptly notify the Trustee in writing. Such notice shall inform the Trustee that the occurrence is being reported by the Agency or instruct the Trustee to report the occurrence pursuant to subsection (f).

(e) If in response to information received from the Trustee under subsection (b), the Agency determines that the Listed Event would not be material within the meaning of cases decided under the 1934 Act, the Agency Disclosure Representative shall so notify the Trustee in writing and instruct the Trustee not to report the occurrence pursuant to subsection (f).

Substitution of Obligated Person. The Agency shall not transfer its obligations under the Resolution unless the transferee agrees to assume all the obligations of the Agency under this Disclosure Agreement.

Amendment; Waiver. Notwithstanding any other provision of this Disclosure Agreement, the Agency and the Trustee may amend this Disclosure Agreement (and the Trustee shall agree to any amendment so requested by the Agency), and any provision of this Disclosure Agreement may be waived, if such amendment or waiver is supported by an opinion of counsel experienced in federal securities laws, acceptable to each of the Agency and the Trustee, to the effect that such amendment or waiver would not, in and of itself, cause the undertakings herein to violate the Rule taking into account any subsequent change in or official interpretation of the Rule.

Additional Information. Nothing in this Disclosure Agreement shall be deemed to prevent the Agency from disseminating any other information, using the means of dissemination set forth in this Disclosure Agreement or any other means of communication, or including any other information in any Agency Annual Report or notice of occurrence of a Listed Event, in addition to that which is required by this Disclosure Agreement. If the Agency chooses to include any information in any Agency Annual Report or notice of occurrence of a Listed Event in addition to that which is specifically required by this Disclosure Agreement, the Agency shall have no obligation under this Disclosure Agreement to update such information or include it in any future Agency Annual Report or notice of occurrence of a Listed Event.

(b) Notwithstanding the foregoing, no Beneficial Owner shall have the right to challenge the content or adequacy of the information provided pursuant to this Disclosure Agreement by mandamus, specific performance or other equitable proceedings unless Beneficial Owners of Bonds representing at least 25% aggregate principal amount of outstanding Bonds shall join in such proceedings.

(c) A default under this Disclosure Agreement shall not be deemed an Event of Default under the Resolution, and the sole remedy under this Disclosure Agreement in the event of any failure of the Agency to comply with this Disclosure Agreement shall be an action to compel performance.

Acquisition Fund

The Trustee shall use the amount credited to each Series Account in the Acquisition Fund to pay the Costs of Issuance of the related Series of Bonds, to make or purchase Qualified Mortgage Loans, and to reimburse the Agency for payments made by it from other funds for these purposes.

As to each Mortgage Loan, the Trustee shall receive an Officer’s Certificate stating:

(1) the loan number assigned to it by the Agency, the names of the Mortgagor and the Servicer and the date and amount of disbursement to be made therefor; and

(2) that the Mortgage Loan is Qualified.

All interest and other income received from the deposit and investment of money in each Series Account in the Acquisition Fund and all scheduled payments and prepayments received on Mortgage Loans held therein shall be transferred by the Trustee as received to the Revenue Fund.

Any amount of proceeds of a Series of Bonds remaining in the Acquisition Fund, three years after the Issue Date of that Series, or at such earlier time as may be provided in the applicable Series Resolution, shall be transferred by the Trustee to the related Series Account in the Redemption Fund unless otherwise directed by an Officer’s Certificate.

Any amount in the Acquisition Fund required for the payment of Principal Installments of and interest on Bonds shall be transferred to the Bond Fund if necessary in case of a deficiency.

Qualification of Mortgage Loans

At the time of acquisition by the Agency, among other requirements, the unpaid principal amount of the Mortgage Loan shall not exceed 75 percent of the Market Value of the Home subject to the Mortgage, unless the Mortgage Loan is to be insured, secured or guaranteed in one of the following ways: (a) if the Mortgage Loan is to be insured or guaranteed by the Federal Housing Administration or Veterans Administration, or any other agency or instrumentality of the United States to which the powers of either of them have been transferred, or which has similar powers to insure or guarantee Mortgage Loans, the amount may be the maximum permitted under the regulation of such agency or instrumentality; provided that any Mortgage Loan made

by the Agency shall be endorsed for insurance or guaranty before a disbursement of Bond proceeds is made thereon, and all mortgage purchase agreements entered into with Mortgage Lenders shall require the Mortgage Lender to repurchase the Mortgage Loan if a final endorsement for insurance or guaranty is not received within 60 days, (b) if the Agency is issued a mortgage insurance policy by a Private Mortgage Insurer before making or purchasing the Mortgage Loan, under which the insurer must either (i) pay a claim after foreclosure and receipt of title to the Home, equal to the entire unpaid principal, accrued interest and expenses of foreclosure of the Mortgage Loan, or (ii) if it requests the Agency to retain title, may pay only a specified insured percentage of the claim, then the maximum amount of the Mortgage Loan shall be a percentage of the Market Value equal to 75 percent plus the insured percentage, or (c) if the Mortgage Loan is not initially insured in the manner set forth in either (a) or (b) above, the Agency shall either (i) transmit to the Trustee for deposit into the appropriate Insurance Reserve Fund an amount equal to the difference between the amount of the uninsured Mortgage Loan and 75 percent of the Market Value, or (ii) shall certify to the Trustee that the balance then existing in the appropriate Insurance Reserve Fund is not less than the amount required by this clause (c) to be on deposit therein.

The Agency shall enter into a Servicing Agreement with respect to each Mortgage Loan unless it determines to service the Mortgage itself.

Assistance Payments

The Agency reserves the right to transfer any amount from its General Reserve Account or other legally available funds to the Trustee for credit to the Bond Fund in payment and satisfaction of a corresponding amount of the scheduled principal or interest payments on any Mortgage Loan, or to advance such money to cure or avert a default on any Mortgage Loan. The Agency shall be entitled to recover from the Mortgagor any amounts so advanced, together with interest thereon at the rate payable on the Mortgage Loan, or to enforce its right to such recovery under the Mortgage, but only after all other defaults thereunder have been cured.

Deposit Revenues

The Agency will collect and deposit or will cause Servicers to collect and deposit with the Trustee or with Depositories in the name of the Trustee, as soon after receipt as practicable, all Revenues derived from Mortgage Loans, including Defaulted Mortgage Loans, and the Trustee shall credit all such receipts to the Revenue Fund, together with all Revenues derived from Investments held in all Funds.

Revenue Fund

On or before each Interest Payment Date and each Principal Installment Date the Trustee shall withdraw from any money in the Revenue Fund and credit to each of the following Funds the amount indicated in the following tabulation, or so much thereof as remains after first crediting the amount indicated to each Fund preceding it:

- (1) To the Expense Fund, the amount, if any, needed to increase the balance therein to the Operating Expense Requirement.
- (2) To the Bond Fund the amount needed to increase the balance therein to the Bond Requirement.
- (3) To the Debt Service Reserve Fund, the amount, if any, needed to increase the amount therein to the Debt Service Reserve Requirement.
- (4) To the Insurance Reserve Fund the amount, if any, needed to increase the amount therein to the Insurance Reserve Requirement.
- (5) The remainder shall be held in the Revenue Fund until and unless directed by an Officer's Certificate to be transferred (i) to the Acquisition Fund, (ii) to the Redemption Fund, or (iii) as provided in the following two paragraphs.

If the net Investment earnings received in any Series Account in the Revenue Fund exceed at any time the earnings permitted under applicable federal law to be retained, the excess amount shall be paid over to the United States at the times and

in the manner provided in the applicable Series Resolution and applicable federal law. Such excess amount may be transferred to a Series Arbitrage Reserve in the General Reserve Account at such times and in such amounts as may be required to assure compliance with applicable federal law, notwithstanding the requirements of other Funds as set forth in the preceding paragraph.

Upon submission of the Projected Revenue Certificate as of July 1 in each year, the Agency may by an Officer's Certificate direct the transfer to the General Reserve Account, free and clear of any lien or pledge created by the Bond Resolution, of an amount which is not required to produce estimated Revenues equal to debt service and required Fund transfers in the current and all future Fiscal Years as set forth in the Projected Revenue Certificate, provided that, subsequent to such transfer, total assets held under the Bond Resolution, exclusive of amounts on deposit in the Insurance Reserve Fund, exceed total liabilities by at least 3 percent.

Expense Fund

Money deposited in the Expense Fund shall be applied to the payment of:

- (1) Fees and disbursements of the Trustee and other Fiduciaries.
- (2) The cost of mortgage pool insurance, special hazard insurance, mortgage purchase commitments, letters of credit, review and analysis of Mortgage Loans and servicing and other security and services under contracts entered into by the Agency for the purpose of assuring the sufficiency of Revenues for debt service.
- (3) Costs of foreclosure, sale, taxes, hazard insurance, appraisals, legal fees, maintenance, repairs and other expenses incurred or to be incurred by the Agency to protect its interest as mortgagee of Homes as established by an Officer's Certificate.
- (4) Such amount as may be determined by the Agency to be necessary to pay its administrative expenses directly related to the Program, not exceeding the annual amount estimated to be available for this purpose in the most recent Projected Revenue Certificate.

Bond Fund

The Trustee shall withdraw money from the Bond Fund prior to each Interest Payment Date and Principal Installment Date for the payment of interest on and principal of the Bonds. Money in the Bond Fund for the payment of Sinking Fund Installments shall be applied to the purchase or mandatory redemption of Bonds. No such money may be used to purchase Bonds less than 25 days prior to the Sinking Fund Installment date, or at a price higher than the then applicable Redemption Price.

Any amount in the Bond Fund in excess of the Bond Requirement shall be credited by the Trustee to the Revenue Fund.

Debt Service Reserve Fund

If at any time there shall not be a sufficient amount in the Bond Fund to make payment of Principal Installments of or interest on the Bonds, the Trustee shall withdraw from the Debt Service Reserve Fund and pay into the Bond Fund the amount of the deficiency. Money in the Debt Service Reserve Fund in excess of the Debt Service Reserve Requirement may be withdrawn and credited to the Revenue Fund.

The Agency shall at all times maintain the Debt Service Reserve Fund and do and perform or cause to be done and performed each and every act and thing with respect to the Debt Service Reserve Fund provided to be done or performed by or on behalf of the Agency or the Trustee under the terms and provisions of the Bond Resolution and the Act.

The Agency shall cause the Chairman annually, on or before each December 1, to make and deliver to the Governor of the State his certificate stating the sum, if any, that is necessary to restore the Debt Service Reserve Fund to an amount equal to the Debt Service Reserve Requirement.

Insurance Reserve Fund

The Insurance Reserve Requirement, if any, received by the Trustee upon the issuance of a Series of Bonds shall be held in the Insurance Reserve Fund and used for the purpose of paying that portion of the claim for loss with respect to any Defaulted Mortgage Loan, made or purchased from the Acquisition Fund, which is not paid by any public or private insuring agency. The Agency shall promptly furnish to the Trustee an Officer's Certificate stating the amount of the loss, when determinable, and the Trustee shall forthwith transfer this amount to the extent available from the Insurance Reserve Fund to the Revenue Fund. Money in excess of the Insurance Reserve Requirement is to be withdrawn on Principal Installment Dates and credited to the Revenue Fund. If at any time the amount in the Insurance Reserve Fund is less than the Insurance Reserve Requirement, and is not restored from available Revenues in accordance with the Bond Resolution, or available funds in the General Reserve Account supplied by the Agency, upon notice, the deficiency shall be supplied by the Trustee by the transfer of funds available from the following sources in the following order of priority:

- (1) from the Expense Fund;
- (2) from any amount in the Acquisition Fund in excess of Loan commitments; or
- (3) from the Redemption Fund.

Redemption Fund

Money in the Redemption Fund may be used to purchase Bonds or to redeem Bonds at the Redemption Prices set forth in Series Resolutions.

Interest and other income derived from the investment or deposit of money in the Redemption Fund shall be transferred to the Revenue Fund as received. Other amounts in the Redemption Fund may be retransferred to the Acquisition Fund for the making or purchase of Qualified Mortgage Loans when directed by an Officer's Certificate.

Investment of Funds

Subject to instructions from time to time received from an Authorized Officer and with the objective of assuring the maximum yield reasonably possible on money held in each Fund within the limitations set forth in applicable federal law, each Fiduciary shall keep all money held by it invested and reinvested, as continuously as reasonably possible, in qualified Investments. All Investments shall mature (or be redeemable at the option of the holder) and bear interest payable at the times and in the amounts estimated to be necessary to provide funds for Mortgage Loan disbursements and for the payment of the principal of and interest and premium, if any, on Bonds when due or when scheduled for redemption pursuant to applicable Series Resolutions.

Money in separate Funds may be commingled for the purpose of investment or deposit, subject to instructions from an Authorized Officer, to the extent possible in conformity with the provisions described in the preceding paragraph. Moneys held in separate Funds or Series Accounts may be invested in common trust funds or pools of which such money forms a part pursuant to the terms of which each Fund or Series Account is allocated a share of a pooled security proportionate to the amount contributed to the purchase price of the pooled security, subject to the provisions of the immediately preceding paragraph and to the restrictions on Investments imposed by each Series Resolution. However, Investments of amounts held in Series Accounts established by each Series Resolution shall be segregated from Investments of amounts held in other Series Accounts, to the extent required by the Series Resolution for compliance with applicable federal law. Investments shall be sold at the best price obtainable, and amounts held in certificates of deposit or time deposits shall be withdrawn, whenever necessary, in order to make any disbursement for the purchase of Mortgage Loans, payment of expenses or debt service. Investments need not be disposed of to make required transfers from one Fund or account to another, but one or more investments or portions thereof may be transferred in lieu of cash.

Except as otherwise provided below, all Funds of the Agency held by a Fiduciary or another financial institution in time deposits or under certificates of deposit shall be continuously secured by the pledge and assignment to the Agency and the Trustee of Investments of classes (1) through (5), inclusive, as defined above.

The requirement in the preceding paragraph shall not apply to the following:

- (1) Funds held by a Paying Agent in trust for the payment of particular Bonds or interest.
- (2) Funds held by a Fiduciary less than three working days pending investment or disbursement.
- (3) Any amount insured by the Federal Deposit Insurance Corporation.
- (4) Amounts held by a Fiduciary in uninvested trust accounts pending investment in accordance with the first paragraph of this section.
- (5) Certificates of deposit or time deposits qualified as Investments under the provisions of subparagraph (6) of the definition thereof set forth above.

Subject to approval by an Authorized Officer, the Trustee or another Fiduciary may apply money pertaining to any Fund created by or pursuant to the Bond Resolution to the purchase of Investments owned by it in its individual capacity, and may sell to itself in its individual capacity Investments held by it in any such Fund as such Fiduciary.

Amendments

Amendments of the Resolutions may be made by a Supplemental Resolution.

Supplemental Resolutions may become effective upon filing with the Trustee if they add restrictions on the Agency, add covenants by the Agency, surrender privileges of the Agency, authorize Additional Bonds and fix the terms thereof or affect only Bonds not yet issued.

Supplemental Resolutions become effective upon consent of the Trustee if they concern only curing or clarifying an ambiguity, omission, defect or inconsistency.

Other Supplemental Resolutions may become effective only with consent of the Holders of at least 66 2/3 percent in principal amount of the outstanding Bonds affected thereby.

However, no amendment shall permit a change in the terms of redemption or maturity of any Outstanding Bond or of any installment of interest thereon or a reduction in the principal amount thereof or the Redemption Price thereof or the rate of interest thereon without the consent of the Holder of such Bond, or shall reduce the percentage of the Holders the consent of which is required to effect any such amendment.

Any amendment may be made with unanimous consent of the Bondholders, except that no amendment shall change any of the rights or obligations of any fiduciary without the consent of that Fiduciary.

Defeasance

Bonds, the payment or redemption for which moneys shall have been deposited with the Trustee, shall be deemed to have been paid, provided that, if any such Bonds are to be redeemed prior to the maturity thereof, provision satisfactory to the Trustee shall have been made for the giving of notice of redemption thereof. Moneys so held by the Trustee shall be invested by the Trustee, as directed by the Agency, in Investments. Alternatively, if the maturing principal of Investments (not redeemable at the option of the issuer and which are described in clauses (i) or (ii) of the definition of "Investments" above) deposited with the Trustee and the interest to fall due thereon are at least equal the amount of money required for the payment on any future date of the interest on or principal of or Redemption Price on such Bonds, the Bonds shall be deemed to have been paid and shall no longer be considered Outstanding under the Bond Resolution.

Events of Default

Each of the following shall constitute an event of default under the Bond Resolution: (1) interest on any of the Bonds shall become due on any date and shall not be paid on said date, or the principal or Redemption Price of any of the Bonds shall

become due on any date, whether at maturity or upon call for redemption and shall not be paid on said date; or (2) Bonds subject to redemption by operation of Sinking Fund Installments shall not have been redeemed and paid in the amount required in the applicable Series Resolution on any date; or (3) a default shall be made in the observance or performance of any covenant, contract or other provision in the Bonds, the Bond Resolution or the applicable Series Resolution contained and such default shall continue for a period of 90 days after written notice to the Agency from a Bondholder or from the Trustee specifying such default and requiring the same to be remedied; or (4) certain acts of bankruptcy, insolvency or reorganization by or against the Agency.

Remedies

Upon the happening and continuance of an event of default, the Trustee may, and shall upon the written request of the Holders of 25 percent of the Outstanding Bonds affected by an event of default described in clause (1) or (2) of “Events of Default” above, or 25 percent of all Outstanding Bonds if the event of default is one described in clause (3) or (4) of “Events of Default” above, proceed to protect the rights of the Bondholders under the laws of the State of Minnesota or under the Bond Resolution. No Bondholder shall have the right to institute any proceedings for any remedy under the Resolutions unless the Trustee, after being so requested to institute such proceedings and offered satisfactory indemnity, shall have refused or neglected to comply with such request within a reasonable time and unless the proceeding is brought for the ratable benefit of all Holders of all Bonds. However, nothing in the Resolutions contained shall affect or impair the right of any Bondholder to enforce the payment of the principal of and interest on such Bondholder’s Bond.

MORTGAGE INSURANCE PROGRAMS AND STATE LAWS AFFECTING FORECLOSURES

Federal Housing Administration Single-Family Mortgage Insurance Programs

The National Housing Act of 1934, as amended, authorizes various Federal Housing Administration (the “FHA”) mortgage insurance programs, which differ in some respects depending primarily upon whether the mortgaged premises contain five or more dwelling units or less than five such units.

The regulations governing all of the FHA programs under which the mortgage loans may be insured provide that insurance benefits are payable either upon foreclosure (or other acquisition of possession) and conveyance of the Home to the Department of Housing and Urban Development (“HUD”) or upon assignment of the defaulted mortgage loan to HUD. With respect to the assignment of mortgaged premises containing less than five dwelling units to HUD, mortgagees must first make a determination as to whether or not the default is caused by a circumstance or set of circumstances beyond the mortgagor’s control, which temporarily renders the family financially unable to cure the delinquency within a reasonable time or make full mortgage payments. If a determination is made that the default is caused by such circumstances, HUD must be requested to accept assignment and must have rejected the request for the mortgagee to initiate foreclosure proceedings. Assignments of mortgaged premises containing five or more dwelling units is at the option of the mortgage lender, but HUD may decrease the insurance payment if the mortgage lender chooses to assign such a mortgage by an amount equal to 1% of the unpaid principal amount of the mortgage loan.

Under some of the FHA insurance programs, insurance claims are paid by HUD in cash, unless the mortgage holder specifically requests in debentures issued by HUD. Under others, HUD has the option, at its discretion, to pay insurance claims in cash or in such debentures. The current HUD policy, subject to change at any time, is to make insurance payments on single-family mortgage loans in cash, with respect to all programs covering such units as to which it has discretion to determine the form of insurance payment.

HUD debentures issued in satisfaction of FHA insurance claims bear interest at the HUD debenture interest rate in effect under HUD regulations on the date of the mortgage insurance commitment or of the initial insurance endorsement of the mortgage, whichever rate is higher. The HUD debenture interest rates applicable to the FHA insured mortgages which the Agency has acquired or committed to acquire are in all cases lower than the interest rates of such mortgages.

When entitlement to insurance benefits results from foreclosure (or other acquisition of possession) and conveyance, the insurance payment is computed as of the date of institution of foreclosure proceedings or acquisition of the property. The mortgage holder generally is not compensated for mortgage interest accrued and unpaid prior to that date. Under such circumstances, the amount of insurance benefits generally paid by FHA is equal to the unpaid principal amount of the mortgage loan, adjusted to reimburse the mortgagee for certain tax, insurance and similar payments made by it and to deduct certain amounts received or retained by the mortgagee after default, plus reimbursement not to exceed 2/3 of the mortgagee’s foreclosure costs. When entitlement to insurance benefits results from assignment of the Mortgage Loan to HUD, the insurance payment is computed as of the date of the assignment and includes full compensation for mortgage interest accrued and unpaid to the assignment date. The regulations under all insurance programs described above provide that the insurance payment itself shall bear interest from the date of default, or, where applicable, the date of assignment, to the date of payment of the claim at the same interest rate as the applicable HUD debenture interest rate determined in the manner set forth above.

When any property to be conveyed to HUD or subject to a mortgage to be assigned to HUD has been damaged by fire, earthquake, flood or tornado, or, if the property has suffered damage because of failure of the mortgage holder to take action to inspect and preserve the property, it is generally required, as a condition to payment of an insurance claim, that such property be repaired by the mortgage holder prior to such conveyance or assignment. For mortgages insured on or after November 19, 1992, if the property has been damaged during the mortgage holder’s possession by events other than fire, flood, earthquake or tornado notwithstanding reasonable action by the mortgage holder, HUD may require the mortgage holder to repair the property prior to conveyance to HUD as a condition to payment of an insurance claim.

Veterans Administration Guaranty Program

The Serviceman's Readjustment Act of 1944, as amended, permits a veteran (or, in certain instances, his or her spouse) to obtain a mortgage loan guaranteed by the Veterans Administration (the "VA") covering mortgage financing of the purchase of a one-to-four family dwelling unit at interest rates agreed upon by the purchaser and the mortgagee, as the VA may elect. The program has no mortgage loan limits (other than that the amount may not exceed the property's reasonable value as determined by the VA), requires no down payment from the purchaser and permits the guaranty of mortgage loans with terms of up to 30 years. The guaranty provisions for mortgage loans are as follows: (a) for home and condominium loans of \$45,000 or less, 50% of the loan is guaranteed (for loans with an original principal balance of \$45,000 and not more than \$56,250, the guaranty will not exceed \$22,500); (b) for home and condominium loans of more than \$56,250 but less than or equal to \$144,000, 40% of the loan is guaranteed subject to a maximum guaranty of \$36,000; (c) for home and condominium loans of more than \$144,000, 25% of the principal amount of the loan is guaranteed subject to a maximum guarantee of \$50,750; and (d) for loans for manufactured homes, 40% of the loan is guaranteed (with a maximum guaranty of \$20,000). The liability on the guaranty is reduced or increased pro rata with any reduction or increase in the amount of the indebtedness, but in no event will the amount payable on the guaranty exceed the amount of the original guaranty. Notwithstanding the dollar and percentage limitations of the guaranty, a mortgage holder will ordinarily suffer a monetary loss only where the difference between the unsatisfied indebtedness and the proceeds of a foreclosure sale of a mortgaged premises is greater than the original guaranty as adjusted. The VA may, at its option and without regard to the guaranty, make full payment to a mortgage holder of unsatisfied indebtedness on a mortgage upon its assignment to the VA.

Rural Development (RD) Insured Program

Loans insured by Rural Development ("RD") may be made to purchase new or existing homes in designated rural areas. Eligible rural areas have a population not in excess of 10,000 persons or if located outside a Metropolitan Statistical Area, not in excess of 25,000. Loans may be made up to 100% of the market value of the property or 100% of the acquisition cost, whichever is less. The maximum loan amount is the applicable FHA maximum loan amount. The interest rate of these 30 year mortgages may not exceed the higher of the current VA rate or the Federal National Mortgage Association's ("FNMA") required net yield for 90 day commitments on a 30 year fixed-rate mortgage with actual/actual remittance plus 60 basis points. RD covers all losses on foreclosed loans up to 35% of the original principal. Any loss in excess of this amount carries an 85% guarantee. It is the present administrative policy of the Agency to tender a claim to RD within 60 days of the date of acquisition of the property through foreclosure. The Agency retains title to the property and may apply the insurance proceeds and any sale proceeds to the outstanding debt.

Private Mortgage Insurance Programs

In accordance with the Bond Resolution, all Qualified Mortgages insured by a private mortgage insurance company shall be in any amount not exceeding the Market Value of the Home, provided that the Agency is issued a mortgage insurance policy under which the minimum insured percentage of any claim filed is at least equal to that percentage of the Market Value or sale price of the Home, whichever is less, by which the original principal amount of the mortgage exceeds 75% of such Market Value. Each private mortgage insurer insuring such Qualified Mortgages must be qualified to insure mortgages purchased by FNMA or the Federal Home Loan Mortgage Corporation ("FHLMC"). Both FNMA and FHLMC require approval of private mortgage insurance companies before mortgages insured by those companies are eligible for purchase by them.

Among the considerations taken into account by FNMA in determining whether to approve a private mortgage insurer are the following: (a) experienced mortgage insurers are expected to have policyholders' surplus of not less than \$5 million; (b) it is preferred that an insurer's principal insurance activity relate to loss resulting from nonpayment of mortgages and deeds of trust on residential structures, with total liability not in excess of 25 times its policyholders' surplus; (c) a private mortgage insurer must demonstrate that it possesses the technical expertise necessary to properly evaluate property and credit; and (d) an insurer must expressly consent to and comply with FNMA's requirements for audit and reports concerning changes in personnel, financial structure, qualifications, and rates.

FHLMC eligibility requirements for approving private mortgage insurers presently provide that (a) not more than 10% of an insurer's mortgage insurance risk may be represented by mortgage insurance covering property other than real property improved by a building or buildings designed for occupancy by one to four families and (b) an insurer shall not insure mortgages secured by properties in a single housing tract or contiguous tracts where the insurance risk applicable thereto is in excess of

10% of its policyholders' surplus (net of reinsurance); (c) no insurer shall have more than 20% of its total insurance in force in any one Standard Metropolitan Statistical Area nor may any combination of insurance in force in any one state exceed 60% of its total insurance in force; and (d) an insurer shall limit its insurance risk with respect to each insured to the maximum permitted under state law.

FHLMC also requires the private mortgage insurer to meet the following financial requirements: (a) policyholders' surplus must be maintained at not less than \$5 million; (b) an insurer shall maintain an unearned premium reserve computed on a monthly pro rata basis; if a greater unearned premium reserve is required by the state where the insurer is licensed, then such greater requirement shall be met; (c) an insurer shall establish and maintain a contingency reserve in an amount equal to 50% of earned premiums; (d) an insurer shall maintain a loss reserve for claims incurred but not reported, including estimated losses on insured mortgages which have resulted in the conveyance of property which remains unsold, mortgages in the process of foreclosure or mortgages in default for four or more months; (e) an insurer shall maintain no less than 85% of its total admitted assets in the form of marketable securities or other highly liquid investments which qualify as insurance company investments under the laws and regulations of the state of its domicile and the standards of the National Association of Insurance Commissioners; and (f) an insurer shall not at any time have total insurance risk outstanding in excess of 25 times its policyholders' surplus. Approved private mortgage insurers must file quarterly and annual reports with the FHLMC.

It is the present administrative policy of the Agency to require that any private mortgage insurance policy with respect to a Qualified Mortgage to be purchased with the proceeds of the Series Bonds contain provisions substantially as follows: (a) the private mortgage insurer must pay a claim, including unpaid principal, accrued interest and certain expenses, within sixty days of presentation of the claim by the mortgage lender; (b) for a mortgage lender to present a claim, the mortgage lender must have acquired, and tendered to the insurer, title to the property, free and clear of all liens and encumbrances, including any right of redemption by the mortgagor; (c) when a claim is presented, the insurer will have the option of paying the claim in full, taking title to the property and arranging for its sale, or of paying the insured percentage of the claim (either 20 or 25%, depending on the coverage purchased by the mortgage lender) and allowing the insured lender to retain title to the property.

The foregoing description of certain mortgage insurance programs is only a brief outline and does not purport to summarize or describe all of the provisions of these programs. For a more complete description of the terms of these programs, reference is made to the provisions of the insurance and guaranty contracts embodied in regulations of the FHA, RD and the VA, respectively, and of the regulations, master insurance contracts and other such information of the various private mortgage insurers. Mortgage Loans purchased by the Agency are not limited by the Resolutions to the foregoing programs and it is possible that insurance benefits under other Federal or private programs in which the Agency may participate could be more or less favorable.

Insurance Reserve Fund

For a description of the Insurance Reserve Fund, see "Summary of Certain Provisions of the Bond Resolution" in Appendix C.

State Laws Affecting Foreclosures

Mortgage foreclosures in Minnesota are governed by statute and permit two alternative methods, "by action" or "by advertisement." The latter is normally utilized since it is slightly faster, less expensive, and does not have the same tendency to invite contest as does foreclosure by action. The process is normally initiated by the publication, recordation and service of a notice of foreclosure. This notice must include all relevant information on the mortgage loan and the secured premises as well as a statement of the time and place of sale and the time allowed by law for redemption by the mortgagor. This notice must then be published in a legal newspaper each week for six consecutive weeks. Service of the notice on the mortgagor and any other affected party must be completed at least four weeks prior to the designated date of the foreclosure sale. Compliance with the above publication and service of notice requirements within the prescribed time limitations is essential to the validity of the mortgage foreclosure sale.

Prior to the foreclosure sale, the mortgagor has the right to reinstate the mortgage and prevent foreclosure by curing all defaults on a current basis and by paying attorneys' fees and out-of-pocket disbursements to the extent permitted by statute. If the mortgage is not reinstated, the foreclosure sale is held in the sheriff's office in the county in which the real estate being foreclosed is located. Although anyone can bid at a foreclosure sale, the normal result of the foreclosure sale is that the lender

bids in the debt without competing bidders (and under the Bond Resolution, the Agency is required to do so), and purchases the mortgaged property from the defaulting borrower through the sheriff, subject to the rights of the borrower and subsequent creditors to redeem.

The holding of such foreclosure sale starts the period of redemption. The period of redemption will normally be six months but can be as long as twelve months. During the period of redemption the mortgagor normally retains the right to remain in possession of the mortgaged property without making mortgage payments or paying real estate taxes. During the period of redemption, the mortgagor has the right to pay off the entire indebtedness, including full principal, accrued interest, any amounts reasonably paid by the mortgagee to preserve the security, and attorneys' fees and disbursements to the extent allowed by statute.

After the period of redemption expires, the mortgagee is entitled to possession of the premises, but may have to bring an unlawful detainer proceeding to enforce its possessory rights, and a proceeding subsequent in the case of Torrens property to perfect its title to the mortgaged property.

It is not unusual, therefore, for a mortgagee to be delayed 10 months or more from the date of initiation of the mortgage foreclosure proceeding until it realizes its possessory rights.

BOOK-ENTRY-ONLY SYSTEM**Book-Entry-Only System**

The Depository Trust Company, New York, New York (“DTC”), is to act as securities depository for each series of the Series Bonds. The ownership of one fully registered Series Bond of each series for each maturity in the aggregate principal amount of such maturity, will be registered in the name of Cede & Co., DTC’s partnership nominee. *So long as Cede & Co. is the Registered Owner of the Series Bonds of a series, as nominee of DTC, references herein to the Bondholders, Holders or Registered Owners of such Series Bonds shall mean Cede & Co. and shall not mean the Beneficial Owners of such Series Bonds.*

DTC is a limited-purpose trust company organized under the New York Banking Law, a “banking organization” within the meaning of the New York Banking Law, a member of the Federal Reserve System, a “clearing corporation” within the meaning of the New York Uniform Commercial Code and a “clearing agency” registered pursuant to the provisions of Section 17A of the Securities Exchange Act of 1934, as amended. DTC holds securities that its direct participants (the “Direct Participants”) deposit with DTC. DTC also facilitates the settlement among Direct Participants of securities transactions, such as transfers and pledges, in deposited securities through electronic, computerized book-entry changes in Direct Participants’ accounts, thereby eliminating the need for physical movement of securities certificates. Direct Participants include securities brokers and dealers, banks, trust companies, clearing corporations and certain other organizations. DTC is owned by a number of its Direct Participants and by the New York Stock Exchange, Inc., the American Stock Exchange, Inc. and the National Association of Securities Dealers, Inc. Access to the DTC system is also available to others such as banks, brokers, dealers and trust companies that clear through or maintain a custodial relationship with a Direct Participant, either directly or indirectly (the “Indirect Participants”).

Beneficial ownership interests in the Series Bonds must be purchased by or through Direct Participants, which are to receive a credit for the Series Bonds on the records of DTC. The ownership interest of each actual purchaser of each Series Bond (“Beneficial Owner”) is in turn to be recorded on the Direct and Indirect Participants’ records. Beneficial Owners will not receive confirmation from DTC of their purchases, but Beneficial Owners are expected to receive written confirmations providing details of their transactions, as well as periodic statements of their holdings, from the Direct or Indirect Participants through which the Beneficial Owners entered into the transactions. Beneficial Owners of Series Bonds will not receive certificates representing their beneficial ownership interests in such Bonds, unless use of the book-entry only system is discontinued as described below.

Transfers of ownership interests in the Series Bonds are to be accomplished by book entries made by DTC and in turn by the Direct Participants and Indirect Participants who act on behalf of the Beneficial Owners of such Bonds. To facilitate subsequent transfers, all Series Bonds deposited by DTC Participants are registered in the name of DTC’s partnership nominee, Cede & Co. The deposit of Series Bonds with DTC and the registration of such Bonds in the name of Cede & Co. effect no change in beneficial ownership. DTC has no knowledge of the actual Beneficial Owners of the Series Bonds; DTC’s records reflect only the identity of the Direct Participants to whose accounts such Bonds are credited, which may or may not be the Beneficial Owners. The DTC Participants will remain responsible for keeping account of their holdings on behalf of their customers. For every transfer and exchange of beneficial ownership in the Series Bonds, the Beneficial Owner may be charged a sum sufficient to cover any tax, fee or other governmental charge that may be imposed in relation thereto.

Conveyances of notices and other communications by DTC to Direct Participants, by Direct Participants to Indirect Participants, and by Direct Participants and Indirect Participants to Beneficial Owners will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time.

Redemption notices shall be sent to Cede & Co. If less than all of the Series Bonds of a series and maturity are being redeemed, DTC’s practice is to determine by lot the amount of the interest of each Direct Participant in such Bonds of such maturity to be redeemed.

Neither DTC nor Cede & Co. will consent or vote with respect to the Series Bonds. Under its usual procedures, DTC mails an omnibus proxy to the Trustee as soon as possible after the record date. The omnibus proxy assigns Cede & Co.’s consenting or voting rights to those Direct Participants to whose accounts the Series Bonds are credited on the record date (identified in a listing to be attached to the omnibus proxy).

Under the Series Resolutions, payments made by or on behalf of the Agency to DTC or its nominee shall satisfy the Agency's obligations under the Resolutions to the extent of the payments so made.

Principal, redemption price and interest payments on the Series Bonds are to be made by the Trustee to DTC or to its nominee, such payments to the Beneficial Owners will be solely the responsibility of DTC, the Direct Participants and, where appropriate, Indirect Participants. DTC's current practice is to credit Direct Participant's accounts on the payment date in accordance with their respective holdings shown on the records of DTC, unless DTC has reason to believe that it will not receive payment on the payment date. Payments by Direct Participants and Indirect Participants to Beneficial Owners will be governed by standing instructions of the Beneficial Owner and customary practices, as is now the case with municipal securities held for the accounts of customers in bearer form or registered in "street name." Such payments will be the sole responsibility of such Direct Participant or Indirect Participant and not of DTC, the Agency or the Trustee, subject to any statutory and regulatory requirements as may be in effect from time to time.

The above information contained in this section "Book-Entry-Only System" is based solely on information provided by DTC. No representation is made by the Agency or the Underwriters as to the completeness or the accuracy of such information or as to the absence of material adverse changes in such information subsequent to the date hereof.

The Agency, the Underwriters and the Trustee cannot and do not give any assurances that DTC, the Direct Participants or the Indirect Participants will distribute to the Beneficial Owners of the Series Bonds (i) payments of principal of or interest and premium, if any, on the Series Bonds, (ii) certificates representing an ownership interest or other confirmation of beneficial ownership interest in Series Bonds, or (iii) redemption or other notices sent to DTC or Cede & Co., its nominee, as the Registered Owner of the Series Bonds, or that they will do so on a timely basis, or that DTC, Direct Participants or Indirect Participants will serve and act in the manner described in this Official Statement. The current "Rules" applicable to DTC are on file with the Securities Exchange Commission, and the current "Procedures" of DTC to be followed in dealing with Direct Participants are on file with DTC.

Neither the Agency, the Underwriters nor the Trustee will have any responsibility or obligation to any Direct Participant, Indirect Participant or any Beneficial Owner or any other person with respect to: (1) the Series Bonds; (2) the accuracy of any records maintained by DTC or any Direct Participant or Indirect Participant; (3) the payment by DTC or any Direct Participant or Indirect Participant of any amount due to any Beneficial Owner in respect of the principal or redemption price of or interest on the Series Bonds; (4) the delivery by DTC or any Direct Participant or Indirect Participant of any notice to any Beneficial Owner which is required or permitted under the terms of the Resolutions to be given to owners of Series Bonds; (5) the selection of the Beneficial Owners to receive payment in the event of any partial redemption of the Series Bonds; or (6) any consent given or other action taken by DTC as a Bondholder.

Discontinuation of Book-Entry System

DTC may discontinue its book-entry services with respect to all or any series of the Series Bonds at any time by giving notice to the Agency and discharging its responsibilities with respect thereto under applicable law. Under such circumstances, such series of Series Bonds are required to be delivered as described in the Series Resolution. The Beneficial Owner, upon registration of such Series Bonds held in the Beneficial Owner's name, shall become the Bondowner.

The Agency may determine to discontinue the system of book-entry transfers through DTC (or a successor securities depository) for all or any series of the Series Bonds. In such event, the Series Bonds are to be delivered as described in the Series Resolution.

OPINIONS OF BOND COUNSEL

[To be dated the date of remarketing of the Remarketed Series G Bonds]

Minnesota Housing Finance Agency

Re: Minnesota Housing Finance Agency
Single Family Mortgage Bonds, 1997 Series G

Ladies and Gentlemen:

We have acted as bond counsel in connection with the remarketing by the Minnesota Housing Finance Agency (the “Agency”) of its Single Family Mortgage Bonds, 1997 Series G, in the aggregate principal amount of \$40,260,000, which are remarketed only as fully registered bonds of single maturities in the principal amount of \$5,000 or any integral multiple thereof.

The Remarketed Series G Bonds are dated, mature on the dates, in the principal amounts, bear interest at the rates and are payable as set forth in the Supplemented Series Resolution referenced below. The Remarketed Series G Bonds are subject to optional and special redemption prior to their maturity, including special redemption at par, as provided in said Supplemented Series Resolution.

In this connection, we have examined certificates as to facts, estimates and circumstances and certified copies of resolutions and proceedings of the Agency and other documents considered necessary as the basis for this opinion, including the Agency’s Bond Resolution adopted June 3, 1982, as amended (the “Bond Resolution”), and the Series Resolution adopted June 26, 1997, as supplemented by a resolution adopted November 19, 1998, and by a resolution adopted June 8, 2000 (the “Supplemented Series Resolution”). As to questions of fact material to our opinion, we have relied upon the certified proceedings and other certifications of public officials furnished to us without undertaking to verify the same by independent investigation.

Applicable federal tax law, including certain provisions of Sections 143 and 148 of the Internal Revenue Code of 1986, as amended (the “Code”), establishes certain requirements which must be met subsequent to the delivery of the Remarketed Series G Bonds in order that interest on the Remarketed Series G Bonds may be excluded from gross income for federal income tax purposes. The Agency has covenanted in the Bond Resolution and Series Resolution to comply with the requirements of applicable federal tax law and for such purpose to adopt and maintain appropriate procedures. In rendering this opinion, we have assumed compliance by the Agency with and enforcement by the Agency of the provisions of the Bond and Series Resolutions.

From such examination it is our opinion that, under state and federal laws, regulations, rulings and decisions in effect on the date hereof: (1) the Agency is a public body corporate and politic, having no taxing power, duly organized and existing under Minnesota Statutes, Chapter 462A, as amended; (2) the Bond and Series Resolutions have been duly and validly adopted

by the Agency and are valid and binding upon it in accordance with their terms, and create the valid pledge and security interest they purport to create with respect to the Mortgage Loans, Revenues, moneys, securities and Funds held and to be set aside under the Bond and Series Resolutions; (3) the Remarketed Series G Bonds are duly and lawfully authorized to be issued and are valid and binding general obligations of the Agency in accordance with their terms, entitled to the benefits granted by and secured by the covenants contained in the Bond and Series Resolutions, and are further secured by the pledge of the full faith and credit of the Agency, and are payable out of any of its moneys, assets or revenues, subject to the provisions of other resolutions or indentures now or hereafter pledging and appropriating particular moneys, assets, or revenues to other bonds or notes, or state laws appropriating particular funds for a specified purpose, but the State of Minnesota is not liable thereon and the Remarketed Series G Bonds are not a debt of the State; (4) in the Bond Resolution the Agency has created a Debt Service Reserve Fund for the security of the Remarketed Series G Bonds and other bonds issued or to be issued under the Bond Resolution, to be maintained in an amount specified therein, and has agreed to certify annually to the Governor the sum, if any, necessary to restore the Fund to this amount for inclusion in the next budget submitted to the Legislature, and the Legislature is legally authorized, but is not legally obligated, to appropriate such amount to the Fund; and (5) the interest payable on the Remarketed Series G Bonds is not includable in gross income of owners thereof for federal income tax purposes or in taxable net income of individuals, trusts and estates for State of Minnesota income tax purposes, but such interest is Includable in the income of corporations and financial institutions for purposes of the Minnesota franchise tax.

Interest on the Remarketed Series G Bonds will not be treated as a preference item in calculating the alternative minimum tax imposed under the Code with respect to individuals and corporations, and in calculating the Minnesota alternative minimum tax imposed on individuals, trusts and estates, but will be included in the calculation of adjusted current earnings for purposes of calculating federal and State of Minnesota alternative minimum taxes imposed on corporations. We express no opinion regarding other federal or state tax consequences arising from ownership of the Remarketed Series G Bonds. All owners of Remarketed Series G Bonds (including, but not limited to, insurance companies, financial institutions, Subchapter S corporations, United States branches of foreign corporations and recipients of social security and railroad retirement benefits) should consult their taxadvisors concerning other possible indirect tax consequences of owning and disposing the Remarketed Series G Bonds.

The opinions expressed above are qualified only to the extent that the enforceability of the Remarketed Series G Bonds and the Bond and Series Resolutions may be limited by general principles of equity and by bankruptcy, insolvency, reorganization, moratorium or other laws relating to or affecting enforcement of creditor's rights heretofore or hereafter enacted.

The Series F Bonds are dated, mature on the date, in the principal amounts, bear interest at a variable rate and are payable as set forth in the Series Resolution referenced below. The Series F Bonds are subject to optional and special redemption prior to their maturity, including special redemption at par, as provided in said Series Resolution.

In this connection, we have examined certificates as to facts, estimates and circumstances and certified copies of resolutions and proceedings of the Agency and other documents considered necessary as the basis for this opinion, including the Agency's Bond Resolution adopted June 3, 1982, as amended, and the Series Resolution adopted June 8, 2000. As to questions of fact material to our opinion, we have relied upon the certified proceedings and other certifications of public officials furnished to us without undertaking to verify the same by independent investigation.

From such examination it is our opinion that, under state and federal laws, regulations, rulings and decisions in effect on the date hereof: (1) the Agency is a public body corporate and politic, having no taxing power, duly organized and existing under Minnesota Statutes, Chapter 462A, as amended; (2) the Bond and Series Resolutions have been duly and validly adopted by the Agency and are valid and binding upon it in accordance with their terms, and create the valid pledge and security interest they purport to create with respect to the Mortgage Loans, Revenues, moneys, securities and Funds held and to be set aside under the Bond and Series Resolutions; (3) the Series F Bonds are duly and lawfully authorized to be issued and are valid and binding general obligations of the Agency in accordance with their terms, entitled to the benefits granted by and secured by the covenants contained in the Bond and Series Resolutions, and are further secured by the pledge of the full faith and credit of the Agency, and are payable out of any of its moneys, assets or revenues, subject to the provisions of other resolutions or indentures now or hereafter pledging and appropriating particular moneys, assets, or revenues to other bonds or notes, or state laws appropriating particular funds for a specified purpose, but the State of Minnesota is not liable thereon and the Series F Bonds are not a debt of the State; and (4) in the Bond Resolution the Agency has created a Debt Service Reserve Fund for the security of the Series F Bonds and other bonds issued or to be issued under the Bond Resolution, to be maintained in an amount specified therein, and has agreed to certify annually to the Governor the sum, if any, necessary to restore the Fund to this amount for inclusion in the next budget submitted to the Legislature, and the Legislature is legally authorized, but is not legally obligated, to appropriate such amount to the Fund.

Interest payable on the Series F Bonds is includable in gross income of owners thereof for federal income tax purposes and is includable in taxable net income of individuals, trusts and estates for State of Minnesota income tax purposes.

The opinions expressed above are qualified only to the extent that the enforceability of the Series F Bonds and the Bond and Series Resolutions may be limited by general principles of equity and by bankruptcy, insolvency, reorganization, moratorium or other laws relating to or affecting enforcement of creditor's rights heretofore or hereafter enacted.
